## “Fire Proof”

[Intro]

(Hit-Boy)

Two-ten, yeah

[Verse 1]

I'm still a nigga with a attitude, workin' on my gratitude  
You don't understand me, I say, that's understandable  
I'm done with that back and forth (Forth)  
I'm in a territory unexplored (Explored)  
Aside from bein' pushed aside, felt like I was buried, livin'  
Wonder how I'm still alive, mountains that I had to climb  
Road blocks, stop signs, shit that I ain't had to do  
People felt entitled to, that shit had made me fire-proof

[Bridge]

How much I love you, bro, yeah (TrapAdix)

That shit faker than a motherfucker, homie

[Chorus]

Ayy, I'm with it fully

**This .30 and I'm huggin' on a beat, my niggas juggin'**

**Hoppin' down on niggas, Prada mask and a hoodie**

**Niggas drop subs but that ain't gettin to me, nah, look**

**Ayy, I'm with it fully**

[Verse 2]

**Bitch, I never back down**

**Know some niggas tatted on they fingers, should've whacked out**

**And I'm with it fully if you niggas ever had doubts**

**Servin' 'em up like they were some junkies in a crack house**

**I'm with it fully, look**

**That's an awful lot of gang shit, I made it through the mazes**

**And I'm fully with it for the chosen few I bang with**

**Dawg, got the fully singin', look like The Temptations**

**Ayy, it's time to tee it off (Tee it off)**

**You say you the realest, we do not agree at all (Agree at all)**

**This shit been coming easy, it's a easy call**

**I've been heatin' shit up since I used to burn the CDRs (CDRs)**

**Lil' dog done turned into the big dog**

**Bitch, I'm with it fully**

**My shit bang like Tookie and Nipsey, and Big Hit, don't hit me**

**Respect what you with it, said I been a joint, I never switch**

**[Chorus]**

**Ayy, I'm with it fully**

**This .30 and I'm huggin' on a beat, my niggas juggin'**

**Hoppin' down on niggas, Prada mask and a hoodie**

**Niggas drop subs but that ain't gettin to me, nah, look**

**Ayy, I'm with it fully**

**Ayy, I'm with it fully, with it fully**

**Fully with it, with it fully**

**I ain't a killer, but don't push me, this shit movin' how it should be**

**[Outro]**

**At the end of the day, I see why niggas would rather than hated than  
loved**

**The same nigga that say he love you, nigga  
Nigga'll back dub you, put you in a blender, nigga**

**Off the rip, though (Rip, though)**
