“Hey you”

[Intro]

Hey you

[Verse 1]

Hey you

Have you had enough of it
How the blind are leading the blind?

Hey you

Are you angered enough, do you feel confined?
Are you losing your mind?

Hey you

Done putting up with it
Inner peace isn't easy to find

Hey you

Are you strong enough to stop jumping in?
Can we begin again, then?

[Pre-Chorus]

And when you won't let go
Just keep this thought in mind

The closest mirror reveals the true enemy staring back at you

[Chorus]

Hey you, walking away
You've got the wrong kind of mindset
And it's helping no one
Hey you, throw it away
You'll only grow to despise it

Realize it

[Post-Chorus]

Hey you

[Verse 2]

Hey you

Can you feel the effect of it?

That shit keeps rotting your mind

Hey you

Have you woken up, do you still deny, are you gonna comply?

Hey you

This world is full of it

Madness is easy to find

Hey you

Is it bad enough? You continue to lie

Telling me you're fine with it

[Pre-Chorus]

You know you can't let go

So keep this thought in mind

Your greatest enemy is still alive and growing inside you

[Chorus]

Hey you, walking away

You've got the wrong kind of mindset

And it's helping no one

Hey you, throw it away

You'll only grow to despise it

Realize it

Hey you, walking away

You've got the wrong kind of mindset

And it's helping no one

Hey you, throw it away

You'll only grow to despise it

Realize it

[Post-Chorus]
(Hey you)

[Bridge]

**There's too many of us, there's too many of us, there's too many
Too many of us, there's too many of us around
There's too many of us, there's too many of us, there's too many
Too many of us, too many of us now
There's too many of us, there's too many of us, there's too many
Too many of us, there's too many of us around
There's too many of us, there's too many of us, there's too many**

[Chorus]

**Hey you, walking away
You've got the wrong kind of mindset
And it's helping no one
Hey you, throw it away
You'll only grow to despise it
Realize it**

**Hey you, walking away
You've got the wrong kind of mindset
And it's helping no one
Hey you, throw it away
You'll only grow to despise it
You know you'll grow to despise it
Hey**

[Outro]

**Hey you, there's too many of us around
Hey you, there's too many of us around
Hey you, there's too many of us around**
