“Never Leave Me Alone”

Never leave me alone (never leave me alone)

Leave me alone (never leave me alone)

Never leave me alone (never leave me alone)

Leave me alone (never leave me alone)

Never leave me alone

They tell me that temptation

Ooh, is very hard to resist

You tell me that you want me

I try to hide my feelings

D-O-G's ain't supposed to feel like this

You can call it what you want to

But I don't even know what this is

You got me singin' in the mornin'

You bring me breakfast in my bed

And when it hurts, you rub my head

I'll ask you one time only, baby

Could you be there when it's hectic

When I don't have a hit record? (Never leave me alone)

Leave me alone (never leave me alone)

Never leave me alone (never leave me alone)

Leave me alone (never leave me alone)

Never leave me alone

I've traveled so many places

I've seen so many faces

And there were times I didn't think I'd make it through

(Alone)

I went through so many phases

That got me so many cases

Three strikes, you're gone

Then what you gonna do? (Ooh)

I guess I'll call my lady

And tell her to kiss my baby

They tell me that crime is all I know how to do

(Never leave me alone)

Tell him his daddy's sorry (alone)

Let him know all about me

There's one more thing I really want you to do

Never leave me alone (never leave me alone)

Leave me alone (never leave me alone)

Never leave me alone (never leave me alone)

Leave me alone (never leave me alone)

Never leave me alone

Man, somebody was naughty when they snitched on me

And the judge just sentenced me to do about a century (uh)

I'm mobbin' through the county mainline

Back in 9500 just tryna handle mine

Spittin' game at the homies about the good old days

As we try to pass time waitin' for the chain to Chino

I see no reason to cry

But I miss my baby boo and my nigga Spanky too (damn, damn)

It's true that the dirt I did (uh-huh)

From a OG to a snotty-nosed kid

Got me caught up in the rapture like Mase, days gone by

And real G's gon' cry

But I try to walk the yard with my head to the sky

And hope my baby boo ain't fuckin' niggas on the outside

But what's the chance it ain't crackin'

If I was out and she was in, I'd probably be mackin'

I can't lie, so I say I would

Now my girl in a world of playerhood

A player should show a nigga love and look out

But the niggas I know would probably turn your ass out

So keep away (keep away), better yet, stay away (stay away)

And hope I get out one day, (okay) okay

But if I don't, I guess this is home

My girl is trippin' she got a block on the phone (never leave me alone)

Leave me alone (all alone on my own)

Never leave me alone (will I be left alone?)

Leave me alone (all alone on my own)

Never leave me alone (will I be left alone?)

Never leave me alone (all alone on my own)

Never leave me alone (will I be left alone?)

Never leave me alone (all alone)

Never leave me alone (on my own)

Never leave me alone (will I be left alone?)

Leave me alone (all alone)

Never leave me alone (on my own)

Never leave me alone (will I)

Never leave me alone (be left alone?)

Leave me alone (all alone)

Never leave me alone (on my own)

Never leave me alone

Never leave me alone (will I be left alone?)

Leave me alone (all alone)

Never leave me alone (on my own)

Never leave me alone (will I)

Never leave me alone (be left alone?)

Leave me alone (all alone)

Never leave me alone (on my own)

Never leave me alone (will I)

Never leave me alone (be left alone?)

Leave me alone (all alone)

Never leave me alone (on my own)

Never leave me alone (will I)

Never leave me alone (be left alone?)

Leave me alone (all alone)

Never leave me alone (on my own)

Never leave me alone (will I)

Never leave me alone (be left alone?)

Leave me alone (all alone)

Never leave me alone (on my own)

Never leave me alone
