## PLASTIC OFF THE SOFA

Boy, I know you can't help but to be yourself 'round me

Yourself 'round me, no

And I know nobody's perfect so I'll let you be

I'll let you be

It's the way you wear your emotions on both of your sleeves, aah!

To the face you make when I tell you that I have to leave, ooh!

But I like it baby

Uh-ooh! I like it baby

But I like it baby, baby

But I like it baby

Aah! we don't need the world's acceptance

They're too hard on me, they're too hard on you, boy

I'll always be your secret weapon in your arsenal, your arsenal

And I know you had it rough growing up

But that's okay (That's okay, baby)

I like it rough (That's okay, baby)  
Even when you let your feelings get in the way  
(Let your feelings get in the way)

I still like it baby  
Ooh! I like it baby (I like it baby)  
But I like it baby (Like it baby)  
Baby, baby (Like it baby)  
I still like it baby, baby, baby, baby

Say, say you won't change  
I, I love the little things that make you, you  
Ooh! the rest of the world is strange  
Just stay in our lane  
Just you and me and our family  
I think you're so cool  
Even though I'm cooler than you, ha-ha-ha!

Boy, I love that you can't help but be yourself around me  
Yourself around me  
Sugar, well you trippin', I know we'll make up and make love  
So I'll let you be  
I'll let you be  
It's the way you listen when I'm crying  
You let me lean in

It's the way you want one more kiss after you said you were leaving

But I like it baby (Yes, I like it baby)

Babe (Yes, I like it baby)

Yes, I like it baby (Like it baby)

Like it (Like it), I like it

I love it baby

I like it baby

I like it, I love it baby

I like it baby, yeah! I like it, oh, like it

I like it, yeah

I like, I like it baby

I like it baby

I like it, baby

Baby come on over

Ooh! I like it baby

And I need you baby, baby
