Renegade Freestyle (Closure) Lyrics – Jackboy

Unfuckwitable, untouchable

Was skippin' school, breakin' rules

Considered a fool

Flew off the porch

Like I had something for me to prove

Ain't have support

Got labeled most likely to lose

Back and forth to court

Momma seeing me on the news

Went to prison twice, learned to fight and sharpen knives

Always down to ride

Better adapt or lose your life

No time to cry, just suit up and be a man

I don't fuck with kid

He boot up, show him I ain't playin'

See this off the top

When it's real no need to write it

Every time I drop even the opps gon' go and buy it

Got this shit on lock

Nigga fuck you and your lil' gang

I've been a thug, you just doin' it for the fame

Lame wit' a name

You ain't Z, you bought your way in

Boy you ain't no killer, you be cryin' when you get caged in

Never been on PC I'm in population with murderers

I was reppin' yo' brand goin' hard makin' sure they heard of us

Guess I'm a renegade

Hop out wit' blicks no it ain't no time to fade

Them niggas slaves, how the fuck you the only one gettin' paid?

Was callin' me when they whopped yo' ass and they took yo' watch

Fuck callin' me I would have been out there bussin' my Glock

Was skippin' school, breakin' rules

Considered a fool

Flew off the porch

Like I had something for me to prove

Ain't have support

Got labeled most likely to lose

Back and forth to court

Momma seeing me on the news

Went to prison twice, learned to fight and sharpen knives

Always down to ride

Better adapt or lose your life

No time to cry, just suit up and be a man

I don't fuck with kid

He boot up, show him I ain't playin'

Cause I'm a renegade

Never been afraid to say what's on my mind

While starring a nigga down in they eyes

Cause I'm a renegade

Never been afraid to say what's on my mind

And put my truth inside of my rhymes

Cause I'm a renegade

Never been afraid to say what's on my mind

While starring a nigga down in they eyes

Cause I'm a renegade

Never been afraid to say what's on my mind

And put my truth inside of my rhymes

Had to counter-sue

You tryin' to block motion, want me to be signed to you

Told Rolling Loud, y'all let him come then I'm not gon' be comin' through

Hatin' on my success hoping that people don't go and work with me

You've been a bitch, you did the same shit wit' Choo Choo and Koly P

You've been a bitch, you tried to pull stunts with Wam and Wiz

You the only nigga I know that get mad when they artists lit

You the only nigga fakin' actin' like you 'bout to spin

Yo' ass a federal agent protected by the President

Real zoe I ain't got no friends in the government

So if I fuck with you they gon' deport me and all my kin

Real zoe bitch I go hard, play for the win

Boy do what you gotta do

You know I'm thuggin' till the end

Cause I'm a renegade

Never been afraid to say what's on my mind

While starring a nigga down in they eyes

Cause I'm a renegade

Never been afraid to say what's on my mind

And put my truth inside of my rhymes

Cause I'm a renegade

Never been afraid to say what's on my mind

While starring a nigga down in they eyes

Cause I'm a renegade

Never been afraid to say what's on my mind

And put my truth inside of my rhymes

How the fuck you niggas Z

You ain't never been to Haiti nigga, fuck?

Stop that cappin' fakin' ass nigga

Fuck nigga
