“stick to your guns”

[Intro]

You'll answer for what you've done with your last breath

[Verse 1]

When what you think

Is what you say

Is what you do

You have to pay (Pay, pay, pay)

No consequence too severe (Pay, pay, pay)

I said it once and I'll say it again

You'll answer for what you've done with your last breath

(Last breath)

With your last breath

You'll answer for what you've done

[Chorus]

Hush

Forever rest your head

Hush

You'll never speak again

Hush

Your time has come

You can't outrun the end

[Verse 2]

When what you think

Is what you say

Is what you do

**You have to pay
I said it once, I won't say it again
You'll answer for what you've done with your last breath
(Last breath)
With your last breath**

[Chorus]

**Hush
Forever rest your head
Hush
You'll never speak again
Hush
Your time has come
You can't outrun the end**

[Breakdown]

**Hush
Forever rest your head
Hush
You'll never speak again
Hush
Your time has come
You can't outrun the end
To the last man**

[Outro]

**(Hush)
(Hush)**
