## VIRGO'S GROOVE

**Baby come over (Come over, ooh! Yeah!)**

**Baby come over (Come over)**

**Baby come over (Baby come over)**

**Come be alone with me tonight**

**All these emotions (All these emotions)**

**is washing over me tonight, ah!**

**Right here, right now, iced up, bite down**

**Baby lock it, right now**

**I want it right here, right now**

**Cuddled up, on the couch**

**Motor-boat, baby spin around**

**Slow-mo, coming out my blouse**

**I want it right here, right now**

**There's nothing that I want as much as I want you**

**A psychic hit me, told me we got shit to do**

**We ain't got time like we used to**

**But we still shine like we used to**

**And we still grind like we used to**

**And we cut ties when we need to**

**But I need more you on me and me on you, oh!**

**I can be the one that takes you there**

**And I need more nudity and ecstasy, oh!**

**On this magic ride**

**Yeah! Yeah! Yeah! Oh!**

**Baby you can hit this, don't be scared**

**(Baby you can hit this, don't be scared)**

**It's only gonna get you high**

**Baby come over**

**Come be alone with me tonight**

**All these emotions**

**It's washing over me tonight, oh!**

**Right here, right now, iced up, bite down**

**Baby lock in, right now**

**I want it right here, right now**

**Cuddled up, on the couch**

**Motor-boat, baby swerve around**

**Slow-mo, coming out my blouse**

**I want it right here, right now**

**Baby come over**

**I can be the one that takes you there**

**I can be the one that takes you there, uh-oh!**

**On this magic ride, woo!**

**Baby come over (Yeah! Yeah!)**

**Baby you can hit this, don't be scared**

**Baby you can hit this, don't be scared (Oh!)**

**It's only gonna get you high**

**Baby come over**

**Come and woo me through the night**

**Bring all those emotions (Ooh! Ooh!)**

**And show me how you feel inside**

**Baby come over (Baby, come over)**

**Come be alone with me tonight**

**All these emotions (All these emotions)**

**It's washing over me tonight, uh!**

**Your hands, your hand's so strong when they grippin' on me, yeah!**

**So dance, all night long to the throb, baby feel the beat, yeah!**

**Don't you leave, yeah! me**

**Don't you leave**

**So use me (Use me), pursue me (Pursue me)**

**Kiss me when you bruise me (Bruise me)**

**Oh! Uh! Uh!**

**Taste me (taste me), the fleshy part**

**I scream so loud, I curse the stars**

**You don't need no excuse**

**(To touch somebody) touch me**

**(To love somebody) Love me**

**(To trust somebody) will you trust me?**

**Now go ahead and hug somebody**

**'Cause I can see the light in you**

**(Everybody want somebody) I want you**

**(Everybody got somebody) I got you**

**So come over and want my body 'cause**

**(You are) Uh! Uh! you are (You are)**

**The love of my life (The love of my life)**

**Yeah! Yeah! Yeah! Yeah! (My life)**

**You're my life, baby you're the love of my life**

**(You are) my baby keep me warm**

**Ooh! He bring me back to life**

**Ooh! You make me lose my pride**

**Ooh! That loving keep me high**

**Uh! That's why I love you baby**

**Uh! That's why I trust you baby (Trust you, baby)**

**If you got somebody, love somebody**

Love somebody baby

You're the love of my life

You're the love of my life

Your love keeps me high

Your love gives me life

Your love, your love

Good lord baby, don't you ever switch it up

Talk to me nice (Nice!)

You're the love of my life, of my life

You're the love of my life

Baby you're the love of my life

You're the love of my life

Baby love me, love me, love me

Baby let me love you back

Touch me, touch me, please me

Kiss me, boy

You're the only love of my life

You are, yeah! You are

The love of my, yeah!

The love of my life, my life
