## Move

Move out the way

I'm with my girls and we all need space (Woo!)

When the queens come through part like the red sea

Move out the way

How many times Imma say it?

Issa home run when the team touch base

Brukup it's, brukup it's, brukup (Brukup!)

Humble like we pon the come up (Hm!)

Don't make it turn into trouble

'Cause we coming straight out the jungle (Grace!)

Brukup it's, brukup it's, brukup (Grace! Brukup!)

Humble like we pon the come up (Grace Jones!)

Don't make it turn into trouble

'Cause we coming straight out the jungle

[Beyoncé:]

Move, move, move, move

Yeah! you gotta move, move

Anything you do

Will be held against you

You have to move, move, move, move

Skrrrt off, make room

Stampede coming through

Big boss on the move

Yeah! (Oh! Oh! Oh! Oh!) Bounce it

Everybody around me, yeah!

(Oh! Oh! Oh! Oh) Bounce it (Bounce it!)

Pick it up like you found it (Found it!)

Me and my girlfriends came out to play (Play!)

Fireworks and champagne, Chantilly lace

Broken glass in the disco sex on the brain (Ah!)

Watch my reflection, fuck out my face

[Beyoncé & Grace Jones:]

Move out the way

I'm with my girls and we all need space (Woo!)

When the queens come through part like the read sea

Move out the way

How many times Imma say it?

Issa home run when the team touch base

[Tems:]

Who this girl in the back of the room?

Who this girl in the back of the room?

Who this girl in the back of the room?

It's the groove, it's the Yoncé groove

Who this girl in the back of the room?

Who this girl in the back of the room?

It's the groove, it's the Yoncé groove

It's a party in the hotel room

[Beyoncé & Grace Jones:]

Find me, I don't need to call him

I don't need no phone, yeah!

I don't need to fall, yeah! you know me, I'm vibin'

You and me is a vibe, yeah! always catch a vibe, eh!

Give me a little fire, give me a little flame, yeah!

Give me a relight and wine it, I don't want to contemplate

Give me a little fire, give me a relight and wine

I want to make you shine (Queen to come through)

This is how I move, this is how I move

This is why I live, sweet moments like this

This is how we groove, this is how we kiss

(Queen to come through, queen to come through)

This is how I move, this is how I move

This is why we live, sweet moments like this

This is how we groove, this is how we kiss (Wow!)

Brukup it's, brukup it's, brukup

Humble like we pon the come up

Don't make it turn into trouble

'Cause we coming straight out the jungle

Brukup it's, brukup it's, brukup

We come through we slanging them bundles

Don't make it turn into trouble

'Cause we coming straight out the jungle
