“Anxiety”

[Chorus]

Yeah, I still got anxiety, that's why I keep it on me
Sometimes I feel like, can't trust no one around me
There's another side of me but I don't even show it
'Cause I got way too many people eating off me
Been through depression and I learned my lessons
So I count my blessings and run it up
But I still got anxiety, that's why I keep it on me
Sometimes I feel like, can't trust no one around me

[Post-Chorus]

'Cause I got anxiety
'Cause I got anxiety

[Verse 1]

Yeah, overthinking, yeah
Conversation, yeah
Complicated, yeah
Consequences, yeah
People talking!
Ain't got no patience

**Yeah, just get that money
Yeah, and get that paper
Yeah, and it don't matter how I do it
They gon' love or hate it, yeah
I been going through it, yeah
Got my mind racing
And they gon' have to face it
I'm destined for greatness, yeah
I'm in first place
They keep tryna take it (Yeah, yeah, yeah)**

[Pre-Chorus]

**Been getting high to kill the pain (Yeah, yeah, yeah)
Wish I could make it go away**

[Chorus]

**Yeah, I still got anxiety, that's why I keep it on me
Sometimes I feel like, can't trust no one around me
There's another side of me but I don't even show it
'Cause I got way too many people eating off me
Been through depression and I learned my lessons
So I count my blessings and run it up
But I still got anxiety, that's why I keep it on me
Sometimes I feel like, can't trust no one around me**

[Post-Chorus]

**'Cause I got anxiety
'Cause I got anxiety**

[Verse 2]

Yeah, you tried to break me

I could never let it faze me!

I gotta learn to embrace it

**Won't let it change me even when life get crazy, I'ma always be the same
me**

**Nigga, I was starving, had to get it from the bottom, now I got all these
problems**

Money can't solve 'em, but I bet this money off 'em

Gotta proceed with caution

**They like, "Coi, you wilding," I'ma go get it regardless, too busy
counting my pockets**

**I'm the hot topic, I'm the reason why they talking, only pop out when I'm
shopping**

Yeah, keep that thing on me, yeah, Draco, .223, yeah

Nobody can fuck with me, my money therapy (Yeah, yeah, yeah)

[Pre-Chorus]

Been getting high to kill the pain (Yeah, yeah, yeah)

Wish I could make it go away

[Chorus]

Yeah, I still got anxiety, that's why I keep it on me

Sometimes I feel like, can't trust no one around me

There's another side of me but I don't even show it

'Cause I got way too many people eating off me

Been through depression and I learned my lessons

So I count my blessings and run it up

**But I still got anxiety, that's why I keep it on me
Sometimes I feel like, can't trust no one around me**

[Post-Chorus]

'Cause I got anxiety
