### “Death Around The Corner”

[Intro]  
(*FOREVEROLLING*)

[Chorus: EST Gee]

Death around the corner, good thing I don't know where I'm goin' (I know  
where I'm goin')

Death callin' my phone, sayin' I owe him, I ignore him  
'Cause I don't owe no nigga a quarter, take it if you wanna (Fuck outta  
here)

Better get out here and get on it, from the night time to the mornin'  
(Night time to the mornin')

I've been through it all (Through it all), nigga better not speak on what  
they saw (Shh)

Considerin' on what it cost to get this five, would you still risk it all? (You  
know what it cost?)

Considerin' I still made a million, tell me how I'm wrong  
Would you still be happy for your dawg if you haven't involved?

[Verse 1: EST Gee]

Would you in this shit if you still benefit after I'm gone?  
I ain't cry, but if they cross that line, I got that Earth of mine  
In that grass, hissin', missin' spines, snake is spittin' slime (Slime)  
Honestly, it's just a state of mind I needed to survive (State of mind)  
I'ma take your life or you take mine, every single time (Take your life)

I can't change my mind, the love I used to have been left behind  
I don't think about it, I let it cross my mind, I peeped the signs (I peeped  
the signs)

And set debate, soon as the cheese get ate, put the mouse in his place  
You be in there wantin' to top my rank, somethin' I don't think  
And I still show 'em love when I feel hate, guess it's just my thanks  
Whisper when you speakin' on the great, words'll get you spanked  
I'm runnin' 'round with somethin' to flip a tank, you better play it safe

[Chorus: EST Gee & *Machine Gun Kelly*]

Death around the corner, good thing I don't know where I'm goin' (*Ayy*)  
Death callin' my phone, sayin' I owe him, I ignore him (*Brr*)  
'Cause I don't owe no nigga a quarter, take it if you wanna (*Fuck outta*  
here)

Better get out here and get on it, from the night time to the mornin'  
(Night time to the mornin')

I've been through it all (*Yeah*), nigga better not speak on what they saw  
(*Shh*)

Considerin' on what it cost to get this five, would you still risk it all? (*You*  
know what it cost?)

Considerin' I still made a million, tell me how I'm wrong  
Would you still be happy for your dawg? (*Ayy*)

[Verse 2: *Machine Gun Kelly*]

I lost all of my emotions the minute I watched my father die in front of  
me

I had to take the knife out of my back from someone who was like a son  
to me (*Fuck*)

You know we keep the location on you, so it ain't a point in tryna run  
from me

I gotta lower the elevation, 'cause it ain't nobody that is up with me  
(*Wooh*)

I got residue stuck to my cup, what I'm sippin', thick as fuck (*Woh*)  
I'm a chemist with this shit, I mix my opps into the blunts

I got dentists puttin' in platinum and some diamonds on my front (*Eugh*)

I'm in Texas, still tippin' off a four from last month (Yeah)  
I let the top down in my hometown, just to let 'em know it's us  
I'm like Barack now, I'm the president, and the squad can't be touched  
(Can't be touched)

I know the blogs loud with the keyboards, but in real life, they sus  
They said I'm rock now 'til we rock out with the Glocks out  
Let it buss (Boom), ayy

[Chorus: EST Gee & *Machine Gun Kelly*]

Death around the corner, good thing I don't know where I'm goin' (*Don't  
know where I'm goin'*)

Death callin' my phone, sayin' I owe him, I ignore him (*Fuck 'em, ayy*)  
'Cause I don't owe no nigga a quarter, take it if you wanna (*Fuck outta  
here*)

Better get out here and get on it, from the night time to the mornin'  
(*Night time to the mornin'*)

I've been through it all (*Through it all*), nigga better not speak on what  
they saw (*Shh*)

Considerin' on what it cost to get this five, would you still risk it all? (*You  
know what it cost?*)

Considerin' I still made a million, tell me how I'm wrong  
Would you still be happy for your dawg if you haven't involved?
