## “Fly Sh!t”

[Intro]

Yeah, yeah, yeah

[Verse 1]

Ridin' a foreign, my trunk in the front  
Neck, wrist bussin', it's lit like a blunt  
Shut down the mall, get whatever I want  
Ten racks for a fit, only wear that shit once

[Pre-Chorus]

Two-tone Cullinan truck, yeah  
Feelin' like Giannis, I get bucks  
We really runnin' it up  
Bitch, don't spill what's in my cup (Yeah)

[Chorus]

It's goin' down, goin' down, yeah  
Gotta get you in my bedroom, need that shit right now  
It's goin' down, goin' down  
I'ma make you feel special, let me show you how (Yeah, yeah)  
Only fly shit, wake up, make deposits (Yeah)  
Hot topic, they know I got options  
Only fly shit, wake up, make deposits (Yeah)  
Hot topic, they know I got options

[Verse 2]

Yeah, this Audemar, my diamonds pink  
I spent one-eighty, this shit crazy  
VVS, bitch, no fugazi  
Since a kid, it's been, "Fuck you, pay me"  
Ace of Spades, get wasted, uh  
He say, "Ooh, bae, you my favorite"  
Gucci heels, I'm such a lady  
Vintage CC from the 80's/eighties (Yeah)  
Ain't shit basic, 818/eight-one-eight, they send me cases  
Sit 'em right next to the Glocks in the basement  
Off-White written, in quotations, "R.I.P Virgil"

[Pre-Chorus]

Two-tone Cullinan truck, yeah  
Feelin' like Giannis, I get bucks  
We really runnin' it up  
Bitch, don't spill what's in my cup (Yeah)

[Chorus]

It's goin' down, goin' down, yeah  
Gotta get you in my bedroom, need that shit right now  
It's goin' down, goin' down  
I'ma make you feel special, let me show you how (Yeah, yeah)  
Only fly shit, wake up, make deposits (Yeah)  
Hot topic, they know I got options  
Only fly shit, wake up, make deposits (Yeah)  
Hot topic, they know I got options

[Outro]

Ridin' a foreign, my trunk in the front  
Neck, wrist bussin', it's lit like a blunt  
Shut down the mall, get whatever I want  
Ten racks for a fit, only wear that shit once  
Two-tone Cullinan truck, yeah  
Feelin' like Giannis, I get bucks

**We really runnin' it up  
Bitch, don't spill what's in my cup**
