Give Me A Sign - Quando Rondo lyrics

" Give Me A Sign "

[Chorus: Quando Rondo]

I say, "Lord, give me a sign" (I say, "Lord, give me a sign")

Show mercy, when it's time (Show mercy, when it's time)

Between the feds and the bitch niggas want me dead

I don't know if I should quit and kill 'em all instead (Kill 'em all)

I say, "Lord, give me a sign" (Give me a sign)

Show mercy, when it's time (Show mercy, when it's time)

Between the feds and the bitch niggas want me dead

I don't know if I should quit and kill 'em all instead (Kill 'em all)

I say, "Lord, give me a sign"

[Verse 1: Quando Rondo]

Spoke on this shit so many times, but now I'm speakin' the real

This shit I'm puttin' in my rhymes really the life that I live

You'll have some niggas tryna test you just to see what's the deal

Then I be dammed, it really happened, now a rapper got killed

It broke my heart seein' my nigga get hit up with that steel

On top of that, get hit with murder for protectin' his crib

I'm droppin' tears 'bout my career, but I can't trip, I'm a soldier

I seen so many people change to a dark place, I grew closer

I'm lookin' over my shoulder hopin' that I'ma grow older

I know I gotta stay focused, I'm in the studio loaded

I'm leanin' hard off this codeine, hope I don't wake in the mornin'

My grandma told me I'm chosen, I'm startin' to think that she jokin'

You know that life is a gamble, so I look at it like poker

It still ain't shit I can't handle, that why I copped a new Rollie

Just me, my girl and my hammer, they left me out on my lonely

Speak on my life, but don't know me

I need a sign that say, "Lonely"

[Chorus: Quando Rondo]

I say, "Lord, give me a sign" (I say, "Lord, give me a sign")

Show mercy, when it's time (Show mercy, when it's time)

Between the feds and the bitch niggas want me dead

I don't know if I should quit and kill 'em all instead (Kill 'em all)

I say, "Lord, give me a sign" (Give me a sign)

Show mercy, when it's time (Show mercy, when it's time)

Between the feds and the bitch niggas want me dead

I don't know if I should quit and kill 'em all instead (Kill 'em all)

I say, "Lord, give me a sign"

[Verse 2: YoungBoy Never Broke Again]

'Cause I know this the wrong route that I chose

Let it flow, row your boat, I'm in and out of court, po' control

I'm dealin' with these hoes

Tryna pop a top with the bitches hot, nigga hit my brother with that pole

Real loner, mom, I lost my soul, I like to be alone

Keep a burner on me

But you know just how it is if I don't make it home

House arrest, still chasin' checks

Fuck my ex, she brought me stress

Sneaky bitch out havin' sex

How the fuck I'm 'posed to cope with that?

Try hard not to lose my mind

Tryna find a way, just me and my guys

Blackball and wanna see us down 'cause Timm get dirty with that iron

Quando know I'm really slime

I don't talk, but that bitch know who is I

Doin' bad at times, I cry

Hit my knees, send prayers to the sky

I'm a soldier, that's what I told 'em, knew I'd fold 'em from the jump, boy

But this nigga still wanted us to pull his whole card

Pain from the jail boys

I'm in a Rolls Royce, ain't no chauffer

Success, nothin' I could show for but another man blood

[Chorus: Quando Rondo]

I say, "Lord, give me a sign" (I say, "Lord, give me a sign")

Show mercy, when it's time (Show mercy, when it's time)

Between the feds and the bitch niggas want me dead

I don't know if I should quit and kill 'em all instead (Kill 'em all)

I say, "Lord, give me a sign" (Give me a sign)

Show mercy, when it's time (Show mercy, when it's time)

Between the feds and the bitch niggas want me dead

I don't know if I should quit and kill 'em all instead (Kill 'em all)

I say, "Lord, give me a sign"
