“Loving it”

I'm driving through the ends
Listening to Barry White
Been a whole minute
Since we made loving right ?

Well tonight that pussy
Gonna have a fight
Hit it with a few jabs
Then go deep inside

Hit it fast
Hit it slow
Get that combo right
I might have you on your back
Like you lost the fight
Eyes rolling round
Im trying to get u down
I'm sweating
Your sweating
That's a mad round

I buss first
And let you buss back
I know you like that
I see it deep in your eyes
And your smile

**Man i love them thick thighs
Afro Bum
And how you are inside**

**I'm getting older girl
I need 2 settle down
I'll leave the streets alone
But I'll always keep my phone**

**Because my strategy
Keeps my money coming home
Keeps my money coming home**

**Guess I ain't irreplaceable
I learned that shit
Bet she's loving it
I'm a street nigga
Stuck on the corner shit
I could have done something better
Bet shes loving it
Done something better
Loving it
I could have done something better
Bet shes loving it
Guess I ain't irreplaceable
I learned that shit
I made all these promises
But can't stay at home
Got sickness
Wanna be on my own**

**I push you out
And drag you in
And do the same thing
Again and again**

I say I'm changing

**Then I ruin all it all
By repeating
In the club with twin
I ain't cheating
Scooping girl so fine
I get a fine wine**

**Bring that girl to mine
And give her good time
While my grl at work
Doing over time**

**I'm a bad guy
And she knows it
After i buss A nut
I'll regret it
Had a sweet chocolate babe
I use to call mine
Now she misses my calls
And always press decline**

**She's a teacher
Or a lawyer
Or some other shit
I'm street nigga
Stuck on the corner shit**

**I could have done something better
Bet she loving it
Guess I ain't irreplaceable
I learned that shit**

**Bet she's loving it
I'm a street nigga**

**Stuck on the corner shit
I could have done something better
Bet shes loving it**

**Done something better
Loving it
I could have done something better
Bet shes loving it
Guess I ain't irreplaceable
I learned that shit**

**Bet she's loving it
I'm a street nigga
Stuck on the corner shit
I could have done something better
Bet shes loving it**

**Done something better
Loving it
I could have done something better
Bet shes loving it**

**Loving it
Done something better
Loving it
I could have done something better
Bet shes loving it**

**Done something better
Loving it
I could have done something better
Bet shes loving it**
