“Payback”

[Intro]

*Think it's goin' up but we're ready to erupt
Now it's payback, payback
You know you better run, fly, you took us to the sun
Now it's payback, payback*

[Verse 1]

**Girl, I see you gettin' used to turn a blind eye
Girl, he keeps you in the dark, it's messing with your mind
I don't wanna see you waste another night out
Always lookin' at your phone like he won't call you back**

[Pre-Chorus]

**I just can't believe
Thought he could play you easily
Sweet revenge is all you need
This time don't send a warning**

[Chorus]

**Think it's goin' up but we're ready to erupt
Now it's payback (*time*), payback, ooh
You know you better run, fly, you took us to the sun
Now it's payback (*time*), payback, we're comin' for you, ooh**

[Verse 2]

Everybody knows he's playing on your heart strings

**But my head said he's been gettin' down with anything
Did he really think that we would never find out?
Girl, I got you, now let's show him what it's all about**

[Pre-Chorus]

**I just can't believe
Thought he could play you easily
Sweet revenge is all you need
This time don't send a warning**

[Chorus]

**Think it's goin' up but we're ready to erupt
Now it's payback (*time*), payback, ooh
You know you better run, fly, you took us to the sun
Now it's payback (*time*), payback, we're comin' for you, ooh**

[Post-Chorus]

**(Ooh, ooh, ooh, ooh, ooh, ooh)
We're comin' for you, ooh
(Ooh, ooh, ooh, ooh, ooh, ooh)
(Ooh, ooh, ooh, ooh, ooh, ooh)
We're comin' for you, ooh
(Ooh, ooh, ooh, ooh, ooh, ooh)**

[Bridge]

**Are you done with the inside?
Can we leave him in the past?
Are you ready to go hard?
Gonna get what he deserve**

[Chorus]

**Think it's goin' up but we're ready to erupt
Now it's payback (*time*), payback, ooh
You know you better run, fly, you took us to the sun
Now it's payback (*time*), payback, we're comin' for you, ooh
Think it's goin' up but we're ready to erupt**

**Now it's payback (*time*), payback, ooh
You know you better run, fly, you took us to the sun
Now it's payback (*time*), payback, we're comin' for you, ooh**

[Outro]

(Ooh, ooh, ooh, ooh, ooh, ooh)

We're comin' for you, ooh

(Ooh, ooh, ooh, ooh, ooh, ooh)

(Ooh, ooh, ooh, ooh, ooh, ooh)

We're comin' for you, ooh
