“ Queen space ”

[Intro: Ari Lennox]

Oh-oh-oh-oh, oh-oh, ooh, ooh

Hey, hey, hey

Hey, hey, hey

[Verse 1: Ari Lennox]

There's one thing we should speak on

This royalty you're seekin'

Don't have a problem even, uh (No-oh, oh-oh, no-oh, oh-oh, no, no, no)

There's something I am sure of

I deserve something purer

My love is a privilege (Yeah)

[Pre-Chorus: Ari Lennox]

I guess you can't take confrontation

Well, I ain't got time

It's so good when everything going your way

But what about mine?

[Chorus: Ari Lennox]

**So don't waste my queen space
True elevation, when I let you taste
Let it rearrange the way you think
True elevation, when I let you taste (Don't waste)
Don't waste my queen space
True elevation, when I let you taste
Let it rearrange the way you think (No, oh)
True elevation, when I let you taste**

[Verse 2: Summer Walker]

**Can't seem to stay away from it (Oh-oh-oh)
Come in, I'll make you wait on it (Oh-oh-oh)
If you're missin' me then just say somethin' (Oh-oh-oh)
But I don't wanna tell you what to feel**

[Pre-Chorus 2: Summer Walker]

**You know what's real, but you have no idea
I know you want me to be your sweet escape**

[Chorus: Ari Lennox & Summer Walker]

**Said don't waste (*Don't waste*) my queen space (*Oh-oh*)
True elevation, when I let you taste (*Elevate*)
Let it rearrange the way you think (*The way, oh, way*)
True elevation, when I let you taste
Said don't waste my queen space
True elevation, when I let you taste (*Oh-oh, yeah*)
Let it rearrange the way you think
True elevation (*Hey*), when I let you taste**

[Bridge: Ari Lennox]

I told you to be here (Ah)

Come correct or disappear

I said smooth when it go down like some Belvedere (Ooh)

Don't let doubt interfere (Ooh, ooh)

[Chorus: Ari Lennox & *Summer Walker*]

Said don't waste (*Don't waste*) my queen space (*Oh-oh*)

True elevation, when I let you taste (*Elevate*)

Let it rearrange the way you think (*The way, oh, way*)

True elevation, when I let you taste

[Outro: *Summer Walker* & Ari Lennox]

Oh-oh-oh

Oh-oh-oh

Oh-oh-oh

I, oh, I, hey
