She say she suck the dick, but she don't swallow, now that's a red flag
(Well, damn)

Grey flag, diamond (Diamond)
Whole lot of cash from ramen (From ramen)
Plus I can still go post in the hood, they play and it's murder for hire
(Murder for money)
Ayo, Gato, send me a hundo, I let 'em go for the low, I ain't hidin' (I ain't

[Verse 2: BigWalkDog]

Wait, how you know the plug, but ain't met the plug? See, that's a red
flag

You talkin' 'bout you trap, we know you cappin', he was deadass
Yeah, that's WalkDog pushin' Lambo' truck for breakfast, he just sped
past

Be the first one pop my shit when we pop out 'cause I was dead last
I got rich off songs and this phone and this red bag
And I'm hoppin' off a plane, pop Percs for pain 'cause I got jet lag
(BigWalkDog)

The plug say, "Pull up," and you gotta wait, that's a red flag
Whole time he fishin' chickens, you the bait, you a dead man
On Bouldercrest right by the Texaco
So Icy Walk, the 1017 Eskimo

Just like the spot, pulled in, told her, "Let 'em go"
How you got this, you got that? I'ma tell 'em no
And I can mail a 'bow and I can mail some more
That's a red flag if you diss, but you scared of smoke
Say it's za, but it's mid when you smell it though
Can't inhale the dope
Man, it's some bullshit, dog

[Chorus: Gucci Mane]

I can't do no show without no comma, that's a red flag (Nah, cha-ching)
He ain't no boss, he can't do what he wanna, now that's a red flag (Nah)
Don't confuse these carats with no pointers, that's a red flag (Bling)
Dismiss me with that baby mama drama, now that's a red flag (No)
Shorty got more followers than dollars, that's a red flag (Huh?)
She say she suck the dick, but she don't swallow, now that's a red flag
(Well, damn)

Bitch, how you grown but still live with your mama? That's a red flag
(Woah)

Bitch, how you totin' a bag without no cash? Now that's a red flag
(Woah)
