## “The World Is Yours To Take”

[Intro: Curt Smith]

Welcome to your life  
There's no turning back

[Verse 1: Lil Baby]

I'm by far one of the hardest workers  
Real firm believer in "Practice make perfect"  
You can gather all the water, stay thirsty  
Took a lot to get us here, we broke curses  
Kill or be killed, the field show no mercy  
Losers just lose while winners get worshiped  
I came here for fun, let's get turned up  
Somebody pass me a Budweiser, a cold one  
I wanna rule the world, I can't hold you  
Hell of a life, I feel like I'm chosen  
Head on tight, I feel like I'm focused  
I ain't ever satisfied, I want more  
Covid came and held us up, we back rollin'  
Look at all the people in here, we got motion  
Everybody back outside, that's somethin' to toast to  
Whole bunch of real good vibes, it feel so cool  
I think it's about that time, it's gettin' closer  
Whole lotta fingers crossed, a lotta hopin'  
Wishin' for the best, preparin' for the worst too

**Got out here and bust my ass, I had to work too  
Some stuff is out of my hand, I can't control it  
If I don't know nothin', dawg, I know one thing**

**[Chorus: Curt Smith & *Lil Baby*]**

**Everybody wants to rule the world  
(*Everybody wants to rule the world*)  
(*Everybody wants to rule the world*)  
Everybody wants to rule the world**

**[Verse 2: Lil Baby]**

**I think I left all my feelings at home  
It's okay, won't be using 'em anyway  
I'm determined to win, each and every way  
Give thanks to the Most High, each and every day  
Even when it's a sport, I ain't come to play  
I be serious, that's what works for me  
Same swang every day, I can't switch routine  
Tryna go see some places I never seen  
I done said a whole lot, never said it's easy  
Tryna climb to the top, I'm just steady creepin'  
Could be better a lot but I'm more than decent  
Kind of feel like a dream but I'm wide awake  
They don't give you the title, you gotta take it  
Lots of energy mixed with determination  
I'm a goer, I don't like procrastination  
I'm just growin', I feel like I need my space  
When you really the truth, you don't gotta fake it  
I'm so close to the finish line, gotta make it  
Gotta go when it's crunch, I can't hesitate  
Handle business on time, I ain't ever late  
I'm with y'all but I come from another place  
One thing we got in common is that**

**[Chorus: Curt Smith & *Lil Baby*]**

**Everybody wants to rule the world**

*(Everybody wants to rule the world)*  
*(Everybody wants to rule the world)*  
Everybody wants to rule the world  
*(Everybody wants to rule the world)*  
*(Everybody wants to rule the world)*
