“Willing To Trust”

[Verse 1: Kid Cudi]

It's the day I've been waitin' for
And I'm settin' the scene
Your touch paralyzes me in the mornin'
I don't want you to go
Sincerely yours, forevermore
And teach me what you know
And I count on you, show me something new, honey
Mmm-mmm
(Oh, take control of me)
(Oh, oh-oh, take control of me)
(Oh, oh-oh)

[Chorus: Kid Cudi & Ty Dolla \$ign]

I've been willing to trust someone
And I've (*I*), been (*Been*), willing to trust someone (*Oh, I*)
And I've (*I*), been (*I've been*), willing to trust someone (*Oh, I*)
And I've (*I*), been (*I've been*), willing to trust someone

[Verse 2: Ty Dolla \$ign]

Yeah, if we ain't got trust we ain't got nothin' (Nothin')
Is this really love, what it's becomin'? (Comin')
Funny how we turned into somethin' (Somethin')
Said you wasn't even lookin' for a boyfriend (Yeah)
Don't need new friends, that shit so confusin' (No, no, no)
Left your ex, thought you'd never trust a man again (No, oh-oh)

**Don't take it out on me, nah (Out on me)
Don't do me dirty, let's make this worth it**

[Chorus: Kid Cudi, *Ty Dolla \$ign* & Both]

**I've been (*Been*), willing to trust someone
And I've (*I*), been (*Been*), willing to trust someone (*Oh, I*)
And I've (*I*), been (*I've been*), willing to trust someone (*Oh, I*)
And I (*I*), been (*I've been*), willing to trust someone**

[Outro: Kid Cudi]

**I got you, don't worry, love (Oh, hold on me)
I got you, don't worry, love (Oh, just lay with me)
I got you, don't worry, love (Oh, you're so sweet)
I got you, don't worry, love (Right here is where I'll be)
I got you, don't worry, love (Oh, hold on me)
I got you, don't worry, love (Oh-oh, just lay with me)
I got you, don't worry, love (Oh, you're so sweet)
I got you, don't worry, love (Right here is where I'll be)
I got you, don't worry, love (All this time, I thought I'd never find)
I got you, don't worry, love (Some girl that I can call mine)
I got you, don't worry, love (Oh, sing silly to me)
I got you, don't worry, love (Oh, just hold on me)**
