“All Mine”

[Intro]

Yeah

It's alright, yeah

Yeah, you know how it feels

Yeah

[Chorus]

All mine, all mine, yeah

All mine, all mine, all mine, yeah (It's alright)

All mine, all mine, yeah

All mine, all mine, all mine (It's alright)

Baby, let's keep it real

[Verse 1]

We both still young, so what's the rush?

The night is young and we not drunk enough

You come around if I don't do too much

We had our downs but we had way more ups

Let's make love

That be the reason that you always hit me up (Ooh)

I swear, you like the way I fuck 'cause I get rough

You told me your new man don't make you nut, that's a damn shame

You come here, I'll knock your pussy out the damn frame

Remember that last time I made you miss your damn plane?

Remember that last time I wet you down with champagne (Remember that?)

[Pre-Chorus]

**I know that I've been the worst (Oh)
But I'll love you better (Ooh)
If you let me**

**Let's catch a flight, change the weather
And I promise forever**

[Chorus]

**All mine, all mine, yeah
All mine, all mine, all mine, yeah (It's alright)
All mine, all mine, yeah (You know how it feels, you know how it feels)
All mine, all mine, all mine, yeah (It's alright)
All mine, all mine, yeah (You know how it feels)
All mine, all mine, all mine, yeah (It's alright)
All mine, all mine, yeah (To be mine, mine)
All mine, all mine, all mine (It's alright)
Baby, let's keep it real**

[Verse 2]

**If only I could pay the bills with my love for you (Ooh)
We'd be the richest in the fuckin' room
Ayy, we'd be so comfortable
Girl, it's only you for me, no lie, lie
I'll drop what they offered
They're not who I want them to be
That's not an offer to me
If you're around, baby
When you ain't with me, you feel alone (Alone)
And I was wonderin' if you've always known?
You don't have to be perfect, I feel like it's worth it**

[Pre-Chorus]

**I know now that I've been the worst (Oh)
But I'll love you better (Ooh)
If you let me
Let's catch a flight, change the weather
And I promise forever**

[Chorus]

**All mine, all mine, yeah
All mine, all mine, all mine, yeah (It's alright)
All mine, all mine, yeah (You know how it feels, you know how it feels)
All mine, all mine, all mine, yeah (It's alright)
All mine, all mine, yeah (You know how it feels)
All mine, all mine, all mine, yeah (It's alright)
All mine, all mine, yeah (To be mine, mine)
All mine, all mine, all mine (It's alright)
Baby, let's keep it real**
