“Best Friend”

[Chorus: Jason Derulo]

Go, best friend
Love it when I call you best friend, oh yeah
No textin'
They already get the message, oh yeah
No stressin'
If I got you by my side, side
Ain't nobody gonna ride like my

[Verse 1: Jason Derulo]

(Uh, yeah, uh) Go to Burkin and get that bag (Ah, wooh, yeah)
Give you more 'cause you never ask (Ah, wooh, yeah)
Grab a surfboard, I'm on my way (Yeah)
You can ride my wave, ride my wave, yeah
Passenger in the 'Rarri
Without you, where would I be?
From the block like you J-Lo
When you miss me, you say so
Keep me higher than Marley
You the life of the party
Girl, I hate to see you leave
But I love to see you go

[Chorus: Jason Derulo]

Go, best friend
Love it when I call you best friend, oh yeah
No textin'
They already get the message, oh yeah
No stressin'
If I got you by my side, side
Ain't nobody gonna ride like my
My best friend
Love it when I call you best friend
My best friend
Love it when I call you, my, my, my best friend
Love it when I call you best friend
My best friend
Love it when I call you my, my

[Verse 2: Ty Dolla \$ign]

Best friend, go best friend
Gonna shoot my shot, no weapon
My girlfriend got a girlfriend
She a hot girl, yeah, like Meghan
I was rollin' up in the studio
When she caught me in my element
Plus, I'm young and rich, that's evident
She gon' fuck me like I'm the president
She want a three-way 'cause it's her B-day
Yes, she got a man, but she don't care what he say (Ooh yeah)

Go, best friend
I'ma beat it up like Tekken
Go, best friend, go best friend, go best friend

[Chorus: Jason Derulo]

Go, best friend
Love it when I call you best friend, oh yeah
No textin'
They already get the message, oh yeah
No stressin'
If I got you by my side, side

**Ain't nobody gonna ride like my
My best friend**

**Love it when I call you best friend
My best friend
Love it when I call you, my, my, my best friend
Love it when I call you best friend
My best friend
Love it when I call you my, my**

**[Outro: Jason Derulo]
Girls up in my DMs
Say they wanna be friends
Baby, I don't see them (See them)
In love with your body
You like my Bugatti
I can't wait to ride it
Ride it, baby, ohh, yeah**
