“Evergreen”

[Intro]

He don't love me no more
He don't love, he don't love me no *more*

[Verse 1]

Evergreen
, he controls me
Was there something wrong with my body?
Am I not what you wanted, babe?
If I ever tried, If I ever tried
I would

[Chorus]

Evergreen, he tears me to pieces
(Evergreen) Doesn't even have to try

[Verse 2]

She don't know you like me
She could never love you more
More than me

But sometimes I pray that you fall in love
I've cried, I've cried so much
For you, baby

[Chorus]

**Evergreen, he tears me to pieces
(Evergreen) Doesn't even have to try (Evergreen)**

[Bridge]

**You know you really made me hate myself
Had to stop before I break myself
Shoulda broke it off to date myself
You didn't deserve me at all, at all, at all**

One last time

**I see, Ever, Evergreen
Please don't come home to me
Sweet Evergreen
He don't love me no more**

[Outro]

***He don't love me no more
He don't love, he don't love me no more***
