[Intro: YG]

**Your body bangin'
You look better naked
Your pussy smell like water
You don't spray it
(Yo, yo, yo, yo) Ayy**

[Chorus: YG]

**She like, "Tell me when to go, go, tell me when to go
Tell me when to go, go, tell me when to go, go
Go, go, go, go
Go, go, go"**

**She like, "Tell me when to go, go, tell me when to go
Tell me when to go, go, tell me when to go, go
Go, go, go, go
Go, go, go, go"**

[Verse 1: YG]

**Your body is banging, you look better naked
That pussy smell like water, you don't spray it with fragrance
Cornrows with the bamboos, that be my favorite
Bad bitch on the dick, I gotta tell her behave it
So I'm bringin' out the bottle sparkles all in her faces
Wait, you ain't got no business being nobody waitress
Made you quit your job like I had to upgrade it**

Too much potential and it's in you so I had to come save it
Yeah, that's just the type of nigga you fuckin' with
Before I buy Birkin, present a business plan to make you rich
Have these hoes lookin' up to you because you slayin' shit
Payin' for shit, you ain't waitin' on me to take no trip
Set you up private, so if I ever dip
You don't need a nigga for shit (No)
Like I said, that's just the type of nigga you fuckin' with
Real nigga, she don't mind suckin' dick (Ayy)

[Chorus: YG]

She like, "Tell me when to go, go, tell me when to go
Tell me when to go, go, tell me when to go, go
Go, go, go, go
Go, go, go"

She like, "Tell me when to go, go, tell me when to go
Tell me when to go, go, tell me when to go, go
Go, go, go, go
Go, go, go, go"

[Verse 2: H.E.R]

You see the wrist and the 'Rari and you know
Don't need no rich nigga, got it on my own
You talkin' money, it ain't no discussion
All these niggas ain't really 'bout nothing
I need love, yeah, I need somethin' more
Can't fuck with no captain save-a-ho

Show me off when we out in public
And in the bed, show me how you thuggin' (Show me)
Tell me when to go, tell me when to go

Finna go deep, tell 'em, "Put it in mo"
We be gettin' hyphy, 'cause we from the West Coast
These hoes gon' try, but they can't come close
No, they can't

**Niggas get fly, but don't get no money (Oh)
Oh, soon as we done, I'll tell him when to go, baby**

[Chorus: YG]

**Tell me when to go, go, tell me when to go
Tell me when to go, go, tell me when to go, go
Go, go, go, go
Go, go, go
She like, "Tell me when to go, go, tell me when to go
Tell me when to go, go, tell me when to go, go
Go, go, go, go
Go, go, go, go"**

[Verse 3: YG]

**Off the drank, you know what time I'm on
Be makin' up positions, she be 'bout to break her backbone
It's late night, baby, ain't tryna get my relax on
Good for two nuts and I'm tryna get my nap on
Hah, that's the realest shit I wrote
We don't talk much durin' the day, but at night we be tryna do the most
Man, I drink so much, I got tequila [?]
It's tequila when I nut, she tryna drive the boat
Dlck in house, pussy, I live with you
What I gotta do to have some baby boy kids with you?
In too deep, continue to dig with you
This for when we had issues, when I'm on that, make me miss you
Don't go trippin' off the past, just let it go
Don't go fuckin' with yo' ass, be natural
She believe me when she ask me 'bout it and I tell her, "No"
Damn, bitch, you went with your bitch and you won't let her know**

[Outro: YG]

**Your body bangin'
You look better naked
Your pussy don't need no fragrance
I'm tryna entertain it**

**Believin' in the matrix
But I'm so, so, so patient
For you I will keep waitin'
So please, please, please, please
Your body bangin'
You look better naked
Your pussy don't need no fragrance
I'm tryna entertain it
Believin' in the matrix
But I'm so, so, so patient
For you I will keep waitin'
So please, please, please, please, woah**
