[Verse 1: Stormzy & Teni]

**What's it gonna be?**  
**What we gonna do?**

**Here we go again  
This ain't nuttin' new  
I ain't tryna run game but it's true 'cause you  
(Came and you made me feel)  
You call me for help, you gotta chill  
Need time for yourself, you gotta heal  
This ain't somethin' you felt, it's how you feel  
(You came and you made me feel)  
A'ight, we built this all wrong, I'll take blame  
But instead of us tearing it down, we'll rearrange, baby  
(Don't let it fall)  
Don't let it fall girl, don't let it fall**

[Bridge: Ayanna]  
**Don't wanna fight no more  
Keep me where I belong  
I've tried and I've tried  
But I just can't hide from your love**

**Oh, girl, you're shining  
You know you're my diamond  
You need reminding  
This moment of timing when your  
Soul needs aligning  
It's me you confide in  
Seeking and hiding  
You know where to find me, babe**

**[Verse 2: Stormzy]**

**What we looking for?**

**Lemme search now**

**Take your shoes off**

**Put your purse down**

**How you gonna tell me that it's never gonna work now?**

**Type of shit to make me put a verse down**

**Worse now, 'cause we made our bed and we gotta lay in it**

**Thought it wasn't hard for me but everyday it is**

**Heartbreak's such a dark place but we stay in it**

**What I'm saying is exactly what I say it is**

**I found you**

**I feel your presence when I'm not around you**

**Queen in your city, they need to crown you**

**Holy water, baby, let me drown you**

**Fire and water, I gotta 'low you**

**Burn out then reappear**

**Light still guiding you home, you know I'm there**

**And rest assured if you ever needed help**

**Or just need a place to hide, know I'll keep it to myself, word**

**[Chorus: Oxlade]**

**Oh, girl, you're shining**

**You know you're my diamond**

**You need reminding**

**This moment of timing when your**

**Soul needs aligning (Aligning)**

**It's me you confide in**

**Seeking and hiding**

**You know where to find me, babe**
