“Static”

[Verse]

**Baby, you got something in your nose
Sniffin' that K, did you feel the hole?**

**Hope you find peace for yourself
New boyfriend ain't gon' fill the void**

**Do you even really like this track?
Take away the drugs, would you feel the noise?**

More and more you try to run away

You fucking yourself, do you feel the toy?

Uh, lookin' for a bitch 'cause I'm over boys

Would you be my girlfriend, baby?

**Ooh, woah, woah, woah, woah
Something turned me off
Smoking made me—*cough***

**'Cause I, I'm longing for somethin' secure
If you had to stunt your shining for your lover, dump that fucker**

[Outro]

Shoodoo-doo-doo-doo, doo-doo-doo
Shoodoo-doo-doo-doo, doo-doo-doo
Shoodoo-doo-doo-doo, doo-doo-doo
Shoodoo-doo-doo-doo, doo-doo-doo, mm
