“What's Up”

[Verse 1: Daniel Daley & *Daniel Daley & Jagged Edge*]

**Biggest mistake I made
Shouldn't have let you go
Instead of wondering
I should've let you know, yeah, yeah
When I say, "Love, I'm in love", ain't no fuckin' shame in it"
That ain't your name if *my last name ain't in it*
This shit has been a process
It's playin' with my conscience**

[Chorus: Daniel Daley]

**That I'm layin' here with someone else
Feel like I'm by myself
Thinkin' and my mind won't rest
I just wanna text my ex
I'm just seein', what's up with you?
What's goin' on?
Who's fuckin' with you?
Who's time you're on?
Thinkin', what's up with you?
What's goin' on?
Who's fuckin' with you?
Where'd we go wrong?**

[Verse 2: Daniel Daley & *Daniel Daley & Jagged Edge*]

Who told you it's okay to not call me by now?

Who told you you should be at these parties *right now*?

I know you're only actin' happy publicly

You could've called me if you needed company

But you run around with what's his name?

Fuck his name

We ain't cut the same

He don't touch the same

He don't fuck the same

He don't love the same

Now I'm just

[Chorus: Daniel Daley, *Daniel Daley & Jagged Edge* & Jagged Edge]

Layin' here *with someone else*

Feel like I'm *by myself* (All by myself)

Thinkin' *and my mind won't rest*

I just wanna *text my ex*

I'm just sayin', *What's up with you?*

What's goin' on?

Who's fuckin' with you?

Who's time you're on?

Thinkin', *What's up with you?*

What's goin' on?

Who's fuckin' with you?

Where we go wrong? (Yeah, ee-ee, ee-ee)

[Verse 3: Daniel Daley, *Jagged Edge*, Daniel Daley & Jagged Edge]

How long it's been? You ain't even check up on me

How many nights in a row are you in the streets?

Guessin' I'm the one to blame (*Ooh, ooh, yeah*)

'Cause my behavior changed

I should've just called you that night

**I probably could've saved us from the fake love and the empty little link
ups, wait**

**I always hated when you'd say, "Niggas don't learn nothing 'til it's too
late"**

[Chorus: Daniel Daley & *Daniel Daley & Jagged Edge*, Jagged Edge]

That I'm layin' here *with someone else* (Oh, yeah)
Feel like I'm *by myself* (I'm by myself)
Thinkin' *and my mind won't rest* (I can't sleep, oh, no)
I just wanna *text my ex* (And I'm sayin')
I'm just sayin', *What's up with you, baby?*
What's goin' on?
Who's fuckin' with you?
Who's time you're on? (On)
Thinkin', *What's up with you, baby?*
What's goin' on?
Who's fuckin' with you?
Where we go wrong?

[Bridge: Daniel Daley & *Jagged Edge*]
(What's up with you?)

Now I'm layin' here *with someone else*
(What's goin' on?)

Feel like I'm *by myself*

Where did we, where did we go wrong?
(What's up with you?)

Thinkin' *and my mind won't rest*, oh, oh, woah, woah, yeah, yeah, yeah,
yeah *(What's goin' on?)*

I just wanna text my ex

[Chorus: Daniel Daley & *Daniel Daley & Jagged Edge*, *Jagged Edge*]

I'm just sayin', *What's up with you?*

What's goin' on? (Yee-oooh)

Who's fuckin' with you?

Who's time you're on?

Thinkin', *What's up with you, baby?*

What's goin' on? (What's goin' on)

"Who's fuckin' with you?"

Where we go wrong, babe?

[Outro: *Jagged Edge & Daniel Daley*]

What's up with you?

What's goin' on? (Ooh, do-do, do, do, do, do, do)

What's up with you? (*Ooh, do-do, do*)
What's goin' on?
