## “Baby Queen”

### **[Verse 1: 2-D]**

I met the princess from Thailand again  
She had grown up  
Into a queen  
Down in the abyss where the night  
Never turns to daylight  
She kept me in a Polaroid  
That was pinned up on her wall  
Under Garuda's mirror lights  
She takes flight  
Yeah the kid's alright

### **[Chorus: 2-D]**

You've grown up  
Baby Queen  
You've grown up  
Baby Queen (You've grown up)

### **[Verse 2: 2-D]**

She fell into the generals (Oh, Baby Queen)  
On the watch all around her  
I fell into the vanity  
The mirrored lights of our dreams

### **[Chorus: 2-D]**

You've grown up (Baby Queen)  
In my dreams where you've been (Dreams, dreams, dreams)  
You've grown up (Baby Queen)  
In my dreams where you've been (Dreams, dreams, dreams)  
(Baby Queen)  
In my dreams where you've been (Dreams, dreams, dreams)  
You've grown up (Baby Queen)  
In my dreams where you've been (Dreams, dreams, dreams)  
You've grown up (Baby Queen)  
In my dreams where you've been (Dreams, dreams, dreams)  
You've grown up (Baby Queen)  
In my dreams where you've been (Dreams, dreams, dreams)  
You've grown up (Baby Queen)  
In my dreams where you've been (Dreams, dreams, dreams)  
You've grown up (Baby Queen)  
In my dreams where you've been (Dreams, dreams, dreams)

**[Outro: 2-D]**

Baby Queen

You were in my dreams
