## “Bon Voyage”

### [Intro]

(Oh, oh-oh, oh-oh)

(Oh, oh-oh, oh-oh)

### [Verse 1]

If you let me take you 'round  
Show you things you never found  
Hold your breath so you won't drown  
Synesthesia, feel the sound

### [Pre-Chorus]

Spacey, meet me on a mountain in a daydream  
Everybody out here on the same thing (Oh, oh-oh, oh-oh)  
Baby, we're just out here levitating, yeah

### [Chorus]

Bon voyage from Le Petit Hermitage  
Spent the weekend getting high  
Tied a ribbon to the stars (Oh, oh-oh, oh-oh)  
Hypnotized by kaleidoscopic eyes  
See you on the other side  
'Cause tonight it's you and I (Oh, oh-oh, oh-oh)  
Under tangerine skies  
Under tangerine skies

**[Verse 2]**

Hello, goodbye  
Blue pill, green light  
Oh, yeah, mm-mm, okay, that's right  
Spread your wings out, we'll go all night  
Better luck in the next life

**[Pre-Chorus]**

Meet me on a mountain in a daydream  
Everybody out here on the same thing  
Baby, we're just out here levitating, yeah

**[Chorus]**

Bon voyage from Le Petit Hermitage  
Spent the weekend getting high  
Tied a ribbon to the stars  
Hypnotized by kaleidoscopic eyes  
See you on the other side  
'Cause tonight it's you and I  
Under tangerine skies (Under tangerine skies)  
Under tangerine skies (Under tangerine skies)  
Under tangerine skies  
Under tangerine skies

**[Outro]**

Sounds spacey, meet me on a mountain in a daydream  
Everybody out here on the same thing  
Baby, we're just out here levitating, yeah
