"Buying All Black"

They love it when I walk like this
And talk like that, yeah
And when I'm shopping, yeah, I'm buying all Black
They love it when I
Yeah, walk like this
Talk like that
And when I'm shopping
Man, I'm buying all Black
Walk like this
Talk like that
And when I'm shopping
Man, I'm buying all Black
Buying all Black (Black)
Buying all Black (Black)
Yeah, when I'm shopping
Man, I'm buying all Black (Black)
Buying all Black (Black)
Buying all Black (Black)
Yeah, when I'm shopping
Man, I'm buying all Black
Okay, I'm buying all Black (Black)
Dropping all stacks (stacks)
B-U-Y B-L-A-C-K in all caps
Out the traps to get to riches
The senseless still pay the tax (okay)

I'm buildin' a business, can I get a witness?
This here was built on our backs
Put that in work in, no more twerking
'Til we bottle it and sell it
Get that paper in the hood, redistribute it and scale it
Build a brand, make a logo (logo)
Partnership or dolo (dolo)
Then go and buy some land before you go and cop that four door
Those that like to follow trends (trends), time and time again
If it's for us and it's by us
I bet all we'll do is win
So no matter what it cost us, my hustles and my scholars
Can't lose if we choose the almighty Black dolla
Yeah, walk like this
Talk like that
And when I'm shopping
Man, I'm buying all Black
Walk like this
Talk like that
And when I'm shopping
Man, I'm buying all Black
Buying all Black (Black)
Buying all Black (Black)
Yeah, when I'm shopping
Man, I'm buying all Black (Black)
Buying all Black (Black)
Buying all Black (Black)
Yeah, when I'm shopping
Man, I'm buying all Black (Flo Milli, Flo Milli)
Okay, my hat matching my bag (hey)
I guess we buying all Black (okay)
This 4C, this ain't track (yeah)
So if you touch it you get smacked (okay)
Made like two hundred fifty, it was nice
At the salon they got me looking right

Buying all Black ,I'm never thinking twice
You can do it too if you just pay the price
Step one, make an account when you go to the bank (go)
Do everything that they said that you can't (yup)
You can touch a mil' if you doing it big (money, do it)
You ain't gotta brag about what's in the bank
Exotic bundles, bags and clothes I got it (ay, okay)
Black dollar, I put that in my pocket (ay, ay)
I was born a winner so nobody can stop me
Yeah, walk like this
Talk like that
And when I'm shopping
Man, I'm buying all Black
Walk like this
Talk like that
And when I'm shopping
Man, I'm buying all Black
Buying all Black (Black)
Buying all Black (Black)
Yeah, when I'm shopping
Man, I'm buying all Black (Black)
Buying all Black (Black)
Buying all Black (Black)
Yeah, when I'm shopping
Man, I'm buying all Black
