"Chlöe"

[Chorus]

Stop hidin'
What you gotta lose with me?
Don't fight it
Drop all of your hoes for me
Don't deny it
We got all of the chemistry
Stop hidin'
'Cause I just wanna love you, please

[Verse 1]

If you keep it up, you gon' lose my love, I won't always be there for
you
My patience runnin' thin, I'm tryna understand why you stay hesitatin'
Know I got one too many niggas in my phone
I wanted you to grow and I'm feelin' alone
And I'm tired of waitin' on you when I could be through
All I do is cater to you, on eggshells with you

[Pre-Chorus]

But you're the one I want
And I try, keep tryin' to move on
When you gon' come around?
The only time is now

I just wanna know

[Chorus]

Stop hidin'

What you gotta lose with me?

Don't fight it

Drop all of your hoes for me

Don't deny it

We got all of the chemistry

Stop hidin'

'Cause I just wanna love you, please

[Post-Chorus]

Stop hidin'

Ple-e-ease, ple-e-ease

Don't fight it

Ple-e-ease (Fight it), ple-e-ease

[Verse 2]

I'm more than what your Lia, Mia, Khia, girl combined

I'm ended up and always fitted baby, I'm a dime

And I just got that Gucci, Gucci, Gucci all the time

I'll elevate your status, you know I can help you fly

Yeah, I just want someone, someone I can come home

No, I can't lie no more, I want you for my own

I don't wanna share you, baby (I don't wanna share you, baby)

Got me here, I'm goin' crazy

[Chorus]

Stop hidin'

What you gotta lose with me? (What you gotta lose wit' me?)

Don't fight it (Don't fight it, yeah)

Drop all of your hoes for me (Drop all of your hoes for me)
Don't deny it (No denyin')
We got all of the chemistry (I know you feel it, baby)
Stop hidin', oh, oh
'Cause I just wanna love you, please (I just wanna love you, please)

[Post-Chorus]

Stop hidin'
Ple-e-ease, ple-e-ease (I just wanna love you, please)
Don't fight it
Ple-e-ease (Yeah, I just wanna love you, please), ple-e-ease
You're all I'm asking for, baby (Don't fight it, baby)
Oh, oh (No hidin')
Think about it, think about it
I just wanna love you, please
