"Down In Atlanta"

[Verse 1]

Down in Atlanta, stay at the Centerfold
Downstairs my Aventador, you should've seen it
Down in Atlanta, at the Graveyard Tavern
You thought you seen a ghost, it's just where the Phantoms are
Shawty thicker than Kevlar (Yeah), it's wall to wall
Feel the heat through my drawers
I told shorty to bring the wave, you know life's a beach
She said, "Life's a bitch", let's hit Magic City

[Chorus]

Watch 'em fly from the sky, while we line up the wall
Like confetti, how it fall, let 'em leave with it all
We ain't never been this high, the city big, feelin' small
Keep me wake, never off, 404 when you—

[Post-Chorus]

Ooh-ooh-ooh, ooh-ooh-ooh, ooh-ooh-ooh

[Verse 2]

Down in Atlanta, might just slide through the zone
Not talkin' LeBron home when I say I'm in Cleveland
Drown in my Fanta, Coke factory is my store
I mix it up how I pour, gotta see how I drink it
Woke up feeling like Fabo (Yeah), need a Georgia peach

Never run outta love or run outta weed
Daddy drivin' a tractor, like a Hellcat or Demon'
Hit two eighty-five, dashin', 'cause I'm lovin' the speed

[Chorus]

Watch 'em fly from the sky (Sky), while we line up the wall
Like confetti, how it fall, let 'em leave with it all
We ain't never been this high (High), the city big, feelin' small
Keep me wake, never off, 404 when you—

[Break]

Watch 'em-watch 'em fly-fly from the-from the sky

[Bridge]

Down in Atlanta, just like Havana
And gonna get it on, gonna get it on
Gonna get it on, gonna get it on
Call up Miami, Atlantic, Atlantis
And gonna get it on, gonna get it on
Gonna get it on, gonna get it on

[Chorus]

Watch 'em fly from the sky (Sky), while we line up the wall
Like confetti, how it fall, let 'em leave with it all
We ain't never been this high (High), the city big, feelin' small
Keep me wake, never off, 404 when you—
