“Free Melly”

[Intro]

Frank got the pack (Frank got the pack)
Yung Shad, you killed this track

[Chorus]

My brother was 17, was stacking that cheddar
Follow him, like a green light he made it better
Oh, free Melly, yeah, I'm screaming that forever
'Til it's backwards, yeah, I got you here whatever
See people using him for clout
They don't always got a hand out
Free Melly 'til he's out
Negative things out they mouth
Oh, free Melly, yeah, I'm screaming that forever
'Til it's backwards, yeah, I got you here whatever

[Verse 1]

Slime you on the beat, but you not even snappin'
Why you even rappin'? (Rappin)
All your rap is cappin' (You cap!)
That's the sound of snakes when your brother made it happen (Free
Melly!)
All on Melly Instagram that's why you poppin'

Hear these slimes start rappin'
You not gon' sign a deal
Melly, you already made it
You don't even need a mil' (No money, bruh!)
I don't hear it, keepin' it real
They can't change, how I feel
Now they see me on stage
Yeah, the music really bumpin'
Livin' my dream is crazy and it feels so amazing
Do it for my brother Dylan, ayy, ayy
Look at his chains, look at the packs
Big GOAT, baby GOAT, facts

[Chorus]

My brother was 17, was stacking that cheddar
Follow him, like a green light he made it better
Oh, free Melly, yeah, I'm screaming that forever
'Til it's backwards, yeah, I got you here whatever
See people using him for clout
They don't always got a hand out
Free Melly 'til he's out
Negative things out they mouth
Oh, free Melly, yeah, I'm screaming that forever
'Til it's backwards, yeah, I got you here whatever

[Verse 2]

My big brother so OG
Tell the system set him free
He can't wait to hit the streets
He gon' all the beats
Play with Melvin you'll get murked
Pop your top, then pop a Perc
Melvin run up in your house, and he takin' all your work
On this microphone talking about my brother Melly
He turned nothing into something

**From the G now he rides
Won't cut us up like a spiral**

[Bridge]

**Yo, I'm shining, can't you see?
My brother lives through me
Even though it's no rest in peace, though
Everybody wanna see him
I can't wait 'til they set him
Free Melly, free Melvin
Free Melly, free Melvin**

[Chorus]

**My brother was 17, was stacking that cheddar
Follow him, like a green light he made it better
Oh, free Melly, yeah, I'm screaming that forever
'Til it's backwards, yeah, I got you here whatever
See people using him for clout
They don't always got a hand out
Free Melly 'til he's out
Negative things out they mouth
Oh, free Melly, yeah, I'm screaming that forever
'Til it's backwards, yeah, I got you here whatever (Whatever)**
