What a privilege,

to my mom wasn't real violation,

but can a man to have patience and if my you spoke  
to the pagans pretty my fist,  
I got kicked in the station.

No visitation Buster Posey.

Coming out my plan.

The first don't like see to block my stun but like Obama,  
they know that we can they always sell your dream,  
they got to use those have been fake schemes but no joke,  
this pin is real half of the shipments done in the field.

Like I'm really trying to cut me a mill,

Spit on His Truck,  
real get me a deal and if shit don't walk his final caught

I love like I'm walking out line X,
