“Irresponsible”

[Intro]

La-la-la-la
La-la-la-la-la-la, la-la-la-la (Ooh, ooh)
La-la-la-la-la-la, la-la-la-la (Ooh, ooh)
La-la-la-la-la-la, la-la-la-la
La-la-la, ooh, la-la

[Verse 1]

I dove in blind, took a chance on us (Us)
Gave my trust (Trust), so in love (Love)
And it's difficult for me to open up
You were someone I thought was careful with me
Instead you left me in pieces (Ah-ah-ah)
If this ain't where you wanted to be
You should've at least manned up and just let me be

[Chorus]

Oh, so irresponsible
Making me fall, fall head first for you
You let me set my feelings on the loose
Knowing deep down you wouldn't follow through
Oh, so irresponsible
Taking my heart, splittin' it in two
You could've left me alone but it's cool
Baby, there's some shit that you just don't do

[Verse 2]

Hope you're proud
But you got blood on your hands (On your hands, on your hands)
The one I relied on (Yeah), counted on (Yeah), dropped the ball (Yeah), no
remorse (Yeah)
Only worry 'bout yourself (Oh, yeah)
Could've played someone else, you chose me
Of course I feel some way, yeah (Yeah)
And if you weren't ready, maybe
You should've at least stayed your ass out in them streets, you're

[Chorus]

So irresponsible
Making me fall, fall head first for you
You let me set my feelings on the loose
Knowing deep down you wouldn't follow through
Oh, so irresponsible
Taking my heart, splittin' it in two
You could've left me alone but it's cool
Baby, there's some shit that you just don't do

[Bridge]

(Ah) Maybe, oh, maybe that's my bad
Giving you such an impossible task
Knowing that you couldn't handle that, that, that, I
Only asked you to keep it one hundred, babe
Never asked for much, just communicate
Only asked, please, don't do me damage
And that you can't even manage

[Chorus]

Oh, you're so irresponsible
Making me fall, fall head first for you
You let me set my feelings on the loose

Knowing deep down you wouldn't follow through
Oh, so irresponsible (Oh, oh-oh)
Taking my heart, splittin' it in two (Woo)
You could've left me alone but it's cool
Baby, there's some shit that you just don't do
