“Marie”

[Intro]

Want you to get all in your feels every time that they play this
Faded, I want you to get all in your feels every time that they play this
Great John on the beat by the way

[Chorus]

Uh, faded (Uh)

I want you to get all in your feels every time that they play this (Uh)
And I know she ain't got no time to be sittin' and waitin' (Uh)
And I wonder if she woulda' known me if I wasn't famous (Uh)
Ain't no space for basic or that fake shit 'cause we hate it

[Verse 1]

Whatchu tryna run away with? (Yeah-yeah-yeah)
Got a car, we could take it and go places
Said she wanna take the spaceship, fly somewhere that we nameless and
be painless
What's her name? Marie (Yeah-yeah-yeah)
And she said she don't ever really wanna leave
She said don't nobody ever love you like me (Yeah-yeah-yeah)
That's my drug, like girl you get me higher than my weed
Hate it when I'm sippin', she said "No more lean" (Yeah-yeah-yeah)
Night time, I be up in all your dreams
Night time, I be up in all your- (Yeah-yeah-yeah)
If I feel a way then I could call her even if she

[Chorus]

Faded (Uh, yeah-yeah-yeah)

I want you to get all in your feels every time that they play this (Uh,
yeah-yeah-yeah)

And I know she ain't got no time to be sittin' and waitin' (Uh,
yeah-yeah-yeah)

And I wonder if she woulda' known me if I wasn't famous (Uh,
yeah-yeah-yeah)

Ain't no space for basic or that fake shit 'cause we faded (Uh,
yeah-yeah-yeah)

I want you to get all in your feels every time that they play this (Uh,
yeah-yeah-yeah)

And I know she ain't got no time to be sittin' and waitin' (Uh,
yeah-yeah-yeah)

And I wonder if she woulda' known me if I wasn't famous (Uh,
yeah-yeah-yeah)

Ain't no space for basic or that fake shit 'cause we hate it

[Verse 2]

I know you feel it when that pain hit

Droppin' tears like it's rainin', drinkin' and chasin'

Manifest that you made it

On my mind, I can't take it, but I won't erase it

She at home layin' naked, waitin' for a Jamaican

She got impatient, not the one you wanna play with (Yeah-yeah-yeah)

She the one you wanna stay with and smoke 'til you

[Chorus]

Faded (Uh)

I want you to get all in your feels every time that they play this (Uh)

And I know she ain't got no time to be sittin' and waitin' (Uh,
yeah-yeah-yeah)

And I wonder if she woulda' known me if I wasn't famous (Uh,
yeah-yeah-yeah)

Ain't no space for basic or that fake shit 'cause we faded (Uh)
I want you to get all in your feels every time that they play this (Uh)
And I know she ain't got no time to be sittin' and waitin' (Uh,
yeah-yeah-yeah)
And I wonder if she woulda' known me if I wasn't famous (Uh,
yeah-yeah-yeah)
Ain't no space for basic or that fake shit 'cause we hate it

[Outro]

Yeah-yeah-yeah
Yeah-yeah-yeah
