“Nut Quick”

(If you don't get the fuck out of here, what are you doing here?)
(GloRilla)

(The fuck they lame ass doin'?)

I'm probably finna come in and out on this joint
(Hoo, hey)

I could've been the president, the way I lead these niggas on (Glo for
president)

Say I might be racist by the way I do these niggas wrong (Maybe I am)
If it's ever me or her, then you won't have to choose, I'm gettin' gone
(Ah)

Ain't never been no pick me bitch, I'm quick to leave a nigga 'lone (On
the gang)

I'm a raw-ass bitch, but swear to God I can't be fucked with (On God)
Found out I was pregnant, got it gone and I ain't fuck since (Outta
there)

He thought I would be crazy after sex, but I ain't nothin' (Haha)
He could've been my favorite sneaky link, but he just nut quick (Why
you do it?)

He thinkin' he that nigga, but not knowin' who this bitch is (What the
fuck?)

Cocky motherfucker, I ain't askin' who no bitch is (Fuck a bitch)
He like to see me ride it from the front just like a windshield (Ayy)

He know that I'm a Big Mac and them other hoes some kids meals
(Yuh)

I think that I'm speakin' on 'em every time they see me drop (Hatin'
ass)

Noddin' they head mad as hell knowin' they wanna give me props
(Haha)

It's bitches that congratulate me knowin' they wanna see me flop (Mad
ass)

It's niggas in my DM tryna drop a lo' to give me top
If the nigga head was fire, put his haircut on my tab
Boy be tryna clock the pussy, pussy boy, you on my time (Stupid-ass
nigga)

Was 'bout to fuck with what's-his-name again, but was like, "Never
mind" (Never mind, man)

'Cause if that ho ain't with me now, that nigga ass wasn't never mine
(On God)

I could've been the president, the way I lead these niggas on (Glo for
president)

Say I might be racist by the way I do these niggas wrong (Maybe I am)
If it's ever me or her, then you won't have to choose, I'm gettin' gone
(Ah)

Ain't never been no pick me bitch, I'm quick to leave a nigga 'lone (On
the gang)

I'm a raw-ass bitch, but swear to God I can't be fucked with (On God)
Found out I was pregnant, got it gone and I ain't fuck since (Outta
there)

He thought I would be crazy after sex, but I ain't nothin' (Haha)
He could've been my favorite sneaky link, but he just nut quick

First date, meet me at the mall since he say he boss enough (Okay)
And I'ma put that nigga back if he say it cost too much (Broke ass)
They know I'm a star, I got 'em reachin' like a motherfucker (Hey)
Cut them bitches off 'cause they was leechin' like a motherfucker
(Leechin' ass)

When it comes to niggas, I ain't worried 'bout no other hoes (Nah)
They probably gon' kiss his ass, I'ma make him suck my toes
They scared to make that nigga mad, I talk to him like a ho (Bitch-ass
nigga)

Young niggas don't like breaking bread, that's why I like my niggas
old (Yuh)

Thinkin' that I give a fuck, that's where they be fuckin' up
Know I gotta try a bitch if she actin' tough as fuck (Come here, bitch)
Of course I gotta lie and shit just to get a nigga bucks
Ain't even got a caption on this shit because they know what's up (On
God)

I could've been the president, the way I lead these niggas on (Glo for
president)

Say I might be racist by the way I do these niggas wrong (Maybe I am)
If it's ever me or her, then you won't have to choose, I'm gettin' gone
(Ah)

Ain't never been no pick me bitch, I'm quick to leave a nigga 'lone (On
the gang)

I'm a raw-ass bitch, but swear to God I can't be fucked with (On God)
Found out I was pregnant, got it gone and I ain't fuck since (Outta
there)

He thought I would be crazy after sex, but I ain't nothin' (Haha)
He could've been my favorite sneaky link, but he just nut quick
