"Sense dat God gave you"

[Verse 1: Summer Walker]

Bald head, scallywag, ain't got no hair on my cat
If I don't get my cheese, nigga, 6ix9ine, you can call me a rat
I call your bitch and blow up the spot
Ca-call the feds and blow up the trap
Everybody be goin' to jail so I think it's best that you call me back
It's my money and I need it now, take it anyway and anyhow
You tryna hit this pussy, nigga, I hope you got a few hundred thousands
Buy me bags and buy me shoes, you know exactly what to do
We speedin' down 285
I'm high as fuck and finna have a good time

[Chorus: Summer Walker]

Put that cash straight in my hand
If you got the sense that God gave you
Don't leave me 'round your man
We finna tear down them mall
You know we got a plan
I drop the Perc in his drink
And I don't give a damn

[Interlude: Sexy Red, Summer Walker]

North side

No, no, sure don't
North side

[Verse 2: Sexy Red]

Bald head, scallywag
Lick between my booty crack
I'm a hoochie mama, slash hoodrat
Hoes head on me 'cause my coochie fat
Put a Perc-30 in my asshole, yo bitch boring, she a lame hoe
I fuck good and cap dough
Real ghetto bitch with a bankroll
I wanna a dread head like Chief Keef
Put it on him, make him marry me
High box me in the SRT, ain't no pullin' over, we high speed
I'm stank walkin' on my sexy shit
My back hurt 'cause I'm too thick
You my nigga, that's my dick, but if you go to jail, better call ya bitch

[Chorus: Sexy Red]

Nigga put that dick
Balls deep in my liver (Sexy, sexy)
If you got the sense that God gave you
Don't leave me 'round your nigga (Sexy, sexy)
He finna eat this ass
I made him spend them bands (Sex, sex)
Went through the pussy nigga pockets
'Cause he was too high to land (Sexy, sexy)

[Outro: Sexy Red]

North side, north side
Yeah, yeah, yeah, you know what the fuck goin' on
I got my bitch Summer in this motherfucker with me
We on that hoochie mama shit
We don't give a fuck, you already know
We drop the kids off to their motherfuckin' grannies

Fed, washed up, you know, put to sleep
Outside, bouncin' ass in the street
You know what I'm sayin'?
We out this bitch
