"Spend It"

[Chorus: Nija]

I like when you spend it on me (Me), spend it on me (Yeah)
I like when you spend it on me, ooh, spend it
Next time, come and spend it on me (Me), spend it on me (Yeah)
I like when you spend it on me
Baby, go on and spend them bands
Go on and spend them bands
I like when you spend it on me (Me), spend it on me (Me), spend it
Spend it on me (Me), spend it on me (Me)

[Verse 1: Babyface Ray]

As long as they pretty, you know I'ma get it and spend it on you, bae (Shit
for you)
I know I've been busy, don't give 'em no Tylenol, niggas, I hope I ain't too
late (Don't do that)
Bag, you know I'ma show me that bag that you wanna go up on a Tuesday
(It's whatever)
Girl, I want you, hope you ain't trippin' 'bout bitches, you know they gon'
choose 'Face (For real)
Yeah, I love when you sit it on me (Love it)
Dick in your guts while I'm kissin' your feet (Ooh)
Fly lil' bitch got imprinted in G's
New shark boots, got 'em zipped to your knees (Look)
Fly out the country and switch up the scene (Come on)
Tell me, girl, how you fit in them jeans? (How?)

You can take the car
Know I been ballin', look like them bitches at Starlet (Ooh)
Turn 'em niggas down
Tell 'em, "Quit callin'," when you my bitch, you a target (Tell 'em, "Quit
callin'")
Turn your ass around
I get up on it, girl, say my name when you moanin' (Ooh)
Let's go spend some time in Chanel
Get your hair done and go paint all your nails (Phew)
Baccarat candles, change up the smell (Phew)
Run you through Louis, it ain't goin' on sale, lil' mama

[Chorus: Nija]

I like when you spend it on me (Me), spend it on me (Yeah)
I like when you spend it on me, ooh, spend it
Next time, come and spend it on me (Me), spend it on me (Yeah)
I like when you spend it on me
Baby, go on and spend them bands
Go on and spend them bands
I like when you spend it on me (Me), spend it on me (Me), spend it
Spend it on me (Me), spend it on me (Me)

[Verse 2: Blxst]

Ayy
Girl, I don't minds, money to blow
You with a winner, you already know
I let you ball, I give it and go
Soon as you call, I'm givin' you more
'Cause you kept it solid, I'm just bein' honest
I owe you the world with a bow
I'm not the type to be checkin' on nobody
You know I fuck with you, though
You're my yeah-yeah, you're the homie
It ain't one thing that you owe me
It go bustdown for the AP

It go Plain Jane for the Rollie
Get you a teacup poodle when you're lonely
(When you're lonely, when you're lonely)
If you like when I spend it, show me
(Come show me)

[Chorus: Nija]

Ooh, spend it
I like when you spend it on me (Me), spend it on me (Yeah)
I like when you spend it on me, ooh, spend it
Next time, come and spend it on me (Me), spend it on me (Yeah)
I like when you spend it on me
Baby, go on and spend them bands
Go on and spend them bands
I like when you spend it on me (Me), spend it on me (Me), spend it
Spend it on me (Me), spend it on me (Me)
