“Through the Wire”

[Intro]

(Pipe that shit up, TnT)

Yeah

Through the wire

Uh

[Chorus]

So much pain built up deep inside

I try to control it

But the anger build up deep inside

Leave me to exploding

Who got that drank? I need it

Who got that drank? I'm fiendin'

I need that pure codeine in, I ain't even been sleepin'

They told me to slow it down, you been speedin'

They told me to slow it down, take it easy

[Verse]

I like pourin' up them pints 'cause it have me chillin'

Floatin', starin' at the ceiling, a wonderful feeling

If I'm sober for too long, I get in my feelings

Startin' fights and clutchin' poles, they swear I be trippin'

Ran the light and hit a pole, a head-on collision

Went to thinkin' 'bout my lifestyle and lost my vision

Had a meeting with my daughters, but I'm gonna miss it

Went to bleeding out my head, Doodie came to get me (Through the wire)
Same night they shot the car up, nobody killed (Yeah)
Sorry, nurse, I'm feeling better, let me out of here
We went to spin on the house he was hidin' in
I cocked my Glock and rolled the window down, they told me chill
I think it's safe to say I lost my damn brain (Through the wire)
But the pressure on my chest made me feel a certain way
Like nobody understand me, I'm trapped inside a maze
But if everybody crazy, knew that you must be insane

[Chorus]

Blame the pain built up deep inside
I try to control it
But the anger build up deep inside
Leave me to exploding
Who got that drank? I need it
Who got that drank? I'm fiendin'
I need that pure codeine in, I ain't even been sleepin'
They told me to slow it down, you been speedin'
They told me to slow it down, take it easy

[Outro]

I, I know if I wasn't on that drank, I probably would never even been goin'
that fuckin' fast
I swear I was like a hundred-and-two miles per hour, I ran through the
fuckin' red light
That lady, lady tried to catch up, like, "Nah, fuck him," that's crazy
I tried to tell my cousin, "Bitch, this a hundred-two thousand dollar car, I
done spent cash, bitch, I don't finance cars"
"That's cash," the bitch say, "Bitch, you stupid motherfucker, you still alive"
Fuck
Bleedin' out my fuckin' head, my eyes bleedin', nose bleedin'
Say "Bitch, you still alive, doin' a hundred miles per hour"
"Hit a fuckin' cement pole, you crazy, crazy, nigga? You just had kids"
Uh, bitch say

Doctor say, "Bitch, you got, your brain bleedin', nigga, you need to sit down,
man"

I was tryna leave the hospital so bad, they told me, "Just chill," haha

My fuckin' brain bleedin', they try to do surgery, all kind of shit

Through the wire, through the wire, through the wire

Through the wire, through the wire, yeah

I'd gladly risk it all, woah, through the wire

What it takes to be with you, I'd gladly risk it all, through the wire
