“Trying”

[Intro]

Yeah, yeah
You one of them ones
(Ain't that DJ Chose over there? Look like DJ Chose)

[Verse 1]

I don't wanna think about who fucking you when I'm not fucking you
Don't want nobody touching you when I can't get in touch with you
Tell me what I need to know, don't wanna hear what's up with you
This what happens when I try to trust in you

[Chorus]

It's all on the line
I call all the time
You can't say I wasn't trying
You can't say I wasn't trying
It's all on the line
Hope it ain't dirt to find
Swear that shit gon' let me down
You can't say I wasn't trying
It's all on the line
Revenge on my mind
But you can't say I wasn't trying
You can't say I wasn't trying
It's all on the line

You fucking let me down
But you can't say I wasn't trying
You can't say I wasn't trying

[Verse 2]

All of my friends say that I try too hard
Me tryna cut for you, it gave me scars
But you was playing games with me, I played my part (I did)
Now I ain't the only one with a broken heart
My phone ringing, it's blowing up, why the one I want ignoring me?
You've been playing house at another house and everyone knew before me
(Damn)
You swore me that you would never leave my side
Two sides to every story, but of course you gon' tell your side
You thinking 'bout who fucking me when you ain't fucking me
When you was out there playing games, you swore that you ain't fuck with
me
I know you'll never find another, hope you got enough of me
This just what happens when you fall in love with me

[Chorus]

It's all on the line
I call all the time
You can't say I wasn't trying
You can't say I wasn't trying
It's all on the line
Hope it ain't dirt to find
Swear that shit gon' let me down
You can't say I wasn't trying
It's all on the line
Revenge on my mind
But you can't say I wasn't trying
You can't say I wasn't trying
It's all on the line
You fucking let me down

But you can't say I wasn't trying
You can't say I wasn't trying

[Verse 3]

And I know you want revenge, I'm not surprised
I'm not intimidated by those guys
Got me deleting my contacts before I get home
And deleting messages off my phone
Turning off my location to my iPhone, I swear to God, it's hard to play this
game
But I know it's hard to stay the same when you feel so much pain
Probably go insane I catch you cheating, hit him with that thing
I always tend to forgive her every time she do those things (I forgive you)
And I got pressure on my mind, girl, would you pull up?
Had a late night in the studio, so she got stood up
And I feel like I'm a good nigga, so many that I could fuck
But I'd never bust a move
Damn

[Chorus]

It's all on the line
I call all the time
You can't say I wasn't trying
You can't say I wasn't trying
It's all on the line
Hope it ain't dirt to find
Swear that shit gon' let me down
You can't say I wasn't trying
It's all on the line
Revenge on my mind
But you can't say I wasn't trying
You can't say I wasn't trying
It's all on the line
You fucking let me down
But you can't say I wasn't trying

You can't say I wasn't trying
