“Warm (Remix)”

[Intro]

(M1OnTheBeat)

[Verse 1: K-Trap]

I stopped rapping and reoffended (Uh)
You know when the trap needs mendin' (Fixin')
Too much mix in the brizzy (Brizzy), you know when the pack needs
blendin' (Blend it)
Buy it, cop it, tell me who shottin', the gangs are spendin'
You never beat that mash off one hand (Bah)
After the bootin' (Bah), your hand's all tremblin' (Bah)
Too much cap I'm hearin', too much swag they wearin' (Huh)
And they ain't bought no hammers
That's so backwards, man, that's scary (Horrid)
Shootouts in the winter, lettin' off bine and my eyes all teary
My football boots been dirty (Dirty)
You can't rap like that, you ain't certi (Can't)
Only time I step out naked's when I'm fresh out the en-suite (Fresh, fresh)
I know I'm a rapper, sorry to say, it's on me (Person)
Pocket rocket, lock it, shorty thinks it's fake (Huh)
Great, she don't know that I try get man in his face (Baow)
If I fire this four in the neighbourhood, you're gonna hear goodness grace
(Gracious)
If I bust this brick in the kitchen, listen, you're gonna need two, three plates
(Bring that)

Prada drops 'cause I'm proud of bae (Proud)
This one's long, but small like Nafe
Pick up them cases, don't want a case

[Chorus: K-Trap]

Out here on the block and you know we're warm (Know we're warm, know
we got it)
Feds wanna search for hammers, I know that they hope they're warm
(Warm)
Two L's, show enough to the bells, only go when the corn gets warm (Beat
it)
Phone call from bae as well, home soon, make sure it's warm

[Verse 2: Skepta]

Why they act tough like we ain't seen no crime? (Big smoke, K-Trap)
Way before we had Rolex watches, boy, it was schemin' time (Mhm-mm)
Pull up in four Rolls-Royces, look at them racist faces
I know they can't stand me, secretly wish they could still hang me, but now
they gotta hang me next to the Banksy (Art piece)
Paintin' pictures (Greaze)
Came in the game with a three-point-five and my violent scriptures
Who got vision, who's talking business? (Talking business)
They wanna tell me who's beefing who, I wanna talk about racks and plays
(Trust)
I see forty Ms on the table, it's about time that I act my wage, I'm paid
African boy, no MBE (Chief)
Walked in the club with some MP3s on a USB, walked back out the club
with a hundred G's
Who's beefin' me? (Huh?)
Tufiakwa, my soldier rise that glee and bap (Grr)
Old school Meridian, Mali Christian
Free up the ****, you know the hood miss them

[Verse 3: K-Trap]

'Membered them man there tried pull up

Silly, you know it was full up (Tsh, tsh, tsh)
Done it broad day, should've put my hood up (Uh)
I'm back and better
Tell you 'bout times it was MAC, Beretta
Now we got the glee and the K, that's better (Mmm, mmm)
Blessed with a SK verse (Verse)
Stressed when the SK burst (Baow)
Told my booter, "Don't let it go, wait for the hand gesture first" (Yeah)
Get backs, that's major, do you like warm, trending a year later (Yeah)
Power with the paper, business man before it was fly and a razor (Yeah)
Really flew bae out overseas, unlimited sun and loads of sea
Gang still giving them holy T's, AK in the back, gotta fold the seat
'Member when we pulled up with the sawn-off, now we got the G19
I give it to P (Peewee)
Even though I'm the rapper, he's got more tapes than me (Yeah, yeah)

[Chorus: K-Trap]

Out here on the block and you know we're warm (Know we're warm, know
we got it)
Feds wanna search for hammers, I know that they hope they're warm
(Warm)
Two L's, show enough to the bells, only go when the corn gets warm (Beat
it)
Phone call from bae as well, home soon, make sure it's warm

[Outro: K-Trap]

Warm, warm
Can't go back if blood gets drawn, drawn
Send man home with their jackets torn
