### ( Verse 1 )

I was out there was still getting jigga  
Down the block round the corner from jigga  
On the block use to trap with my niggas  
Ima a boss I be chilling with strippers  
Stayed a boss always know I would make it  
At the top so I know they wanna take it  
Staying with it cause all of them hated  
Stay away from the people who fake  
Black and white stay in the ghost in the winter

She eat me for dinner  
She know I'ma winner  
Yellow gold be on my neck out the basement  
Blues hundreds yeah I know ima make it  
Desiigner her body she know I'm her favorite  
Show her how to make it  
Show her how to save it  
Turn her a millionaire just like the lottery
