You know how we comin' nigga, OTF, bitch, big Doodie Lo

[Chorus: Doodie Lo]

I swear to God, I don't feel them niggas, I swear to God if I see 'em up in traffic

I swear to God, got a switch on me, he ain't ride, he ain't slide, he ain't no

I swear to God I don't trust niggas, I swear to God niggas be all on our dick

I swear to God, when they free 'Wop, swear to God I'ma give him a pint of
lean and a G lock

[Verse 1: Doodie Lo]

I swear to God I don't kiss and tell, and you gotta keep some hoes that'll be
solid if you go to jail
I swear to God, watch that backdoor, better keep your gun on you, tell me
that you love me, shit, I act slow
Why they playin' with us? We want headshots
On his ass nigga, we spinin' every block
I got this trap shit, in a headlock, and this rap shit, got your man's popped
All that talking tough on the 'net, now you dead now
You better not get on the side of this vet, you get fanned down

Doodie Lo the man now, my old hoes fanned out, shit I'm off a Xan now, jet
when I land now

[Chorus: Doodie Lo]

I swear to God, I don't feel them niggas, I swear to God if i see 'em up in
traffic I'ma kill them niggas
I swear to God, got a switch on me, he ain't ride, he ain't slide, he ain't no
motherfuckin' big homie

[Verse 2: Kodak Black]

I knock a nigga set of teeth out
I call Anuel and bring a different set of tees out
I run this shit without me tryin' to
You ain't gon' see us comin', we got flashbangs, I'm tryna blind you
It's all good 'til it's all bad
That nigga all cap, can't wait to get up with his soft ass
His old scary, old pussy ass
After the car swear to god I'ma fuck with her lookin' ass
I swear to god I got thirty men
I swear to god I'm outside, wide open, like come and get it
I ain't on that shit, I'm on that shit, nigga
I ain't on that and I'm on that, boy

[Chorus: Doodie Lo]

I swear to God, I don't feel them niggas, I swear to God if i see 'em up in
traffic I'ma kill them niggas
I swear to God, got a switch on me, he ain't ride, he ain't slide, he ain't no
motherfuckin' big homie
I swear to God I don't trust niggas, I swear to God niggas be all on our dick
tryna fuck with us
I swear to God, when they free 'Wop, swear to God I'ma give him a pint of
lean and a G lock

[Outro: Doodie Lo]

Bitch
