"Keep Calling"

[Intro]

Your call has been forwarded to an automated voice messaging system

[Verse 1: Blxst]

I'm in rare form, know that they prayin' for him to stop (I won't)
New foreign, I just did a coupe, two in the lot (Let's go)
Entertainin' the opps, know it hurt 'em to watch
Never heard of this watch, but I still gotta cop
I just touched down, do a surprise party for pops
Back in the field, you know it's smaller to plot
I ain't even checkin' the scoreboard, I stopped (What for?)
Double up on this world tour, then drop again
While you lookin' for a block to spin
International Blxst, you can't box me in
A circle full of elites, you cannot be there
Put a lot of folk in position, guess I gotta be him
If it's real, let it be known, you ain't gotta pretend
Long as we got respect, we ain't gotta be friends
You know hustlers don't sleep, I embody the trend
Maybe that be the reason she keep callin', she keep callin' again

[Chorus: Blxst]

Yeah, keep callin' (Keep callin')
Mm, ah, keep ballin' (Keep ballin')
Baby, I'm standin' on business, I'm flawless (Shee)

Baby, my diamonds still hittin', they flawless (Hey, yeah, yeah)
Yeah, ayy, they keep callin' (Keep callin')
Mm, ah, keep on ballin' (Keep ballin')
Baby, I'm standin' on business, I'm flawless (Shee)
Baby, my diamonds still hittin', they flawless (Yeah, yeah)

[Verse 2: Larry June]

Ayy, phone ringin' (Phone ringin'), she got the news (Got the news)
I'm movin' on (Movin' on), you ain't get the clue (Get the clue)
You did me wrong (Did me wrong), I'm done with you (Done with you)
Ten thousand blues (Ayy), what I'm thumbin' through (Thumbin' through)
Pickin' up my shh, in this Bentayga ('Tayga)
Fly her out the way, secret location ('Cation)
Kiss her on the lips, right before breakfast (Hahaha)
Coppin' Van Cleef's, nigga, what the extras?
Rose gold piece (Yeah) and the diamond's special (Ayy)
Pulled off in the Porsche (Uh), playin' my confessions (Ayy-ayy, ayy-ayy)
I just play the game, never sweat her
Knew I had to change, got my bread up (Ayy-ayy, ayy-ayy)
I keep ballin' (Uh), puttin' in work, still turnin' down offers (Damn)
International with it, yeah, I get it 'round the globe (Globe)
I'm focused on growth (Yeah), nigga, stand on my toes (Facts)
What's happenin'? (Ayy-ayy, ayy-ayy)

[Chorus: Blxst & Larry June]

Yeah, keep callin' (Keep callin')
Mm, ah, keep ballin' (Keep ballin', huh, damn)
Baby, I'm standin' on business, I'm flawless (Shee)
Baby, my diamonds still hittin', they flawless (Ayy-ayy, ayy-ayy, ayy,
ayy-ayy)
Yeah, ayy, they keep callin' (Keep callin', damn)
Mm, ah, keep on ballin' (Keep ballin')
Baby, I'm standin' on business, I'm flawless (Shee)
Baby, my diamonds still hittin', they flawless (Yeah, yeah)

[Outro: Larry June & Blxst]

You know what I'm talkin' 'bout?

Shit, y'all already know what the fuck gonna happen

Me and Blxst get on this thing, you already know it's gon' be a classic

Shh (Shee)

Numbers
