"Quickie"

[Intro]

(SkyDiddy)

She got that, that make you sing to her

[Chorus]

That lil' pussy got some power, I can't lie, it got me weak, oh
Fresh up out the shower, she look good enough to eat
That lil' pussy got some tricks, grip my dick when it squeeze
Ooh, them quickies, be the best, got my Amiris to my knees (Uh-uh)
Say she ain't gon' fuck on nobody if it ain't me (For real)
At least that's what she tell me, you know how these hoes be (For the
moment)
That lil' pussy fire, don't give a fuck if she lyin'
So, that lil' pussy call, she get somethin' from me everytime (Time)

[Verse 1]

This got to be lust, my feelings ain't strong as my mind
Never cut back on that lean, got high as fuck on half a line (A lil' bit)
Came from different planets, then, one day, we intertwined
We relate on different levels, we got compatible signs (Match up)
This lil' pussy freaky, tryna keep this one a secret (Shh)
How the fuck I switch addictions, feelin' like I need it
I ain't gon' lie, that pussy better when her and her nigga beefin' (Beefin')
Told her, "Make a wish"

"11:11" what she Tweeted, let me be your genie
Sneaky linkin', we don't tell it (Uh)
Kissin', touchin', breathin' heavy (Uh)
Foreplay session got you ready (Go)
Beat it up, on support, domestic (No)
Ever heard of soul ties?
My life a highly rated series, this lil' episode live

[Chorus]

That lil' pussy got some power, I can't lie, it got me weak, oh
Fresh up out the shower, she look good enough to eat
That lil' pussy got some tricks, grip my dick when it squeeze
Ooh, them quickies, be the best, got my Amiris to my knees (Uh-uh)
Say she ain't gon' fuck on nobody if it ain't me (For real)
At least that's what she tell me, you know how these hoes be (For the
moment)
That lil' pussy fire, don't give a fuck if she lyin'
So, that lil' pussy call, she get somethin' from me everytime (Time)

[Verse 2]

She like, "Don't get out this bed without fuckin' me" (Better not play)
Said I was on punishment from head, now, she suckin' me (Yeah, okay)
This might no mean nothin' much to you, but, it's somethin' to me (Toxic
love)
Won't text her back for hours, keep her mind wonderin'
Miss my presence, my company (Go)
That pussy talk to me, I sing to her (Uh)
She want my heart, but, I'm just too player to get to her (Get to her)
Can't even lie, the way she ride left a stain on my brain (Uh-huh)
Road rage, it's been drivin' me insane

[Chorus]

That lil' pussy got some power, I can't lie, it got me weak, oh
Fresh up out the shower, she look good enough to eat
That lil' pussy got some tricks, grip my dick when it squeeze

Ooh, them quickies, be the best, got my Amiris to my knees (Uh-uh)
Say she ain't gon' fuck on nobody if it ain't me (For real)
At least that's what she tell me, you know how these hoes be (For the
moment)
That lil' pussy fire, don't give a fuck if she lyin'
So, that lil' pussy call, she get somethin' from me everytime (Time)

Ain't no shame in my game
