"Too Big"

Ayy, this Doc Dre
I know you niggas about to do it big
Uh-huh (too big, too big, too big)
Ayy, ayy, ayy, yeah (too big, too big, too big)
Uh-huh (too big, too big)
Yeah
I do it too big (God)
I do it too big (too big, too big)
I do it too big, too big, too big (big)
I do it too big, too big, too big (big)
I do it too big (God)
I do it too big (too big, too big, too big)
I do it too big, too big, too big (big)
I do it too big, too big, too big (big)
I do it too big
Too big, like MC Hammer, Hypeman (Hypeman)
Lit like thunder and then lightning (lightning)
Chicken like Foster Farm or Tyson (Tyson)
More jewelry than a judge, call me Iceland (Iceland)
I'm crackin' like the Clash of the Titans
Two bitches give me head while I'm drivin'
I kick a nigga ass with my left foot
But slap the shit out a nigga with my right hand

Uh, she said it's too big
Damn nigga, you knocked off two wigs
(Aw, shit) I had to say, "I'm sorry"
Little red Corvette, now it's a Ferrari
We don't want her
Take her back, you can come get her
We keep going like some old-ass young niggas
Smoke too much (smoke), fuck too much (fuck)
We having too much fun, but it's not enough
I do it too big (God)
I do it too big (too big, too big)
I do it too big, too big, too big (big)
I do it too big, too big, too big (big)
I do it too big (God)
I do it too big (too big, too big, too big)
I do it too big, too big, too big (big)
I do it too big, too big, too big (big)
I do it too big
A snotty-nosed ghetto little child (little child)
I've been in the game for a while (for a while)
They love me in the Bay and Southern Cal (Southern Cal)
Rappers soak up on my game like a ShamWow
Twenty-plus years, yeah, I'm legendary
Always go big when it's necessary
You doin' what? I'm smokin' on that Cali
When I'm pullin' up, certified true enough
Here I come, return of the shogun
I'm a giant, fe-fi-fo-fum
I'm defiant, you a client
You still a customer, we in a riot
If you meet one of us, it's like heaven
You wanna hang out with a legend (dreamin')
If you meet all four, you might poop (shit)

You think you cool enough to smoke with Snoop?

I do it too big (God)

I do it too big (too big, too big)

I do it too big, too big, too big (big)

I do it too big, too big, too big (big)

I do it too big (God)

I do it too big (too big, too big, too big)

I do it too big, too big, too big (big)

I do it too big, too big, too big (big)

I do it too big

Too much game for the brain (for the brain)

I could sell the stock exchange some change (some change)

I own three or four different strains (different strains)

You can find me at the shootin' range (shootin' range)

Bigger pants with bigger pockets

To hold a nigga stash and a couple rockets

Just in case a nigga wanna try the Dogg

Catch him in the mornin' while he tryna jog

And if we catch you in the mornin', it won't be a warnin'

It might be a doorman, nigga, we important

Extra large, wide as the boulevard

Bogart, blow you out like I'm pulling guard

You fuckin' up if you think I'm lame

I got it, you ain't gotta give me game

Tell 'em, "Slow your roll, calm down"

You got a studio? We got compounds

I do it too big (God)

I do it too big (too big, too big)

I do it too big, too big, too big (big)

I do it too big, too big, too big (big)

I do it too big (God)

I do it too big (too big, too big, too big)

I do it too big, too big, too big (big)

I do it too big, too big, too big (big)
I do it too big
