## "Wasted"

I gave you one chance then you fucked it up, then you fucked it up again  
A mistake ain't a mistake when you make the same one again  
You told me that I'm the one but I ain't one of them  
Communication gettin' frustrated, can we make it make sense?  
You make more time for your homies, you hit me when you feelin' lonely  
(Lonely)  
Yeah, how you gon' look at me sideways when I ain't heard from you in  
five days?  
How we together and don't even speak?  
You too busy, out here runnin' the streets  
Ain't even checkin' on me  
We say it's love but how could it be?  
I was doin' my best, you was doin' the most and started becomin' a habit  
You was sellin' me heaven but givin' me hell, that's a fatal attraction  
You was givin' me hope, you was killin' me slow, it's a silent assassin  
Yeah, gave you love and passion  
Not once did I imagine it'd be

Wasted (Wasted)

Energy wasted (Wasted), mentally wasted (Wasted, yeah)  
Everything just feel wasted, I just wasted (Wasted)  
Energy wasted (Wasted), mentally wasted (Wasted, yeah)  
Everything just feel wasted (Yeah, yeah), thought that I just wasted  
Energy wasted, mentally wasted (Yeah)

Everything just feel wasted, I just wasted  
Energy wasted, mentally wasted (Yeah, yeah, mm-hmm)

Man, I was just bein' real, honest  
Had me second guessin', movin' with caution  
Look in the mirror and you'll see the problem (Look in the mirror, look in  
the mirror)

Yeah, stayin' low and avoidin' the drama  
You was busy fuckin' whatcha-ma-call-her  
Fuck around, make me call up your mama (Yeah, where the hell he been  
at?)

And you know that you wrong for tryna play me  
Now you tellin' everybody I'm crazy  
What if I did it to you, you would hate me (You would hate me too, yeah)

I just really be missin' the sex  
But the D come with too much regret (Ooh-ooh, ooh-ooh)  
I can see that you stuck in your ways  
But to try again is a waste

Wasted (Wasted)  
Energy wasted (Wasted), mentally wasted (Wasted, yeah)  
Everything just feel wasted, I just wasted (Wasted)  
Energy wasted (Wasted), mentally wasted (Wasted, yeah)  
Everything just feel wasted (Yeah, yeah), thought that I just wasted  
Energy wasted, mentally wasted (Yeah)  
Everything just feel wasted, I just wasted  
Energy wasted, mentally wasted (Yeah, yeah)
