"1999"

You shouldn't love me, I'm dangerous (dangerous, dangerous)

Momma said, "Look boy, you famous" (famous, famous)

Slept in that trap 'til they raided (raided)

(Great John on the beat, by the way)

Look, I'ma leave with them niggas I came with

You shouldn't love me, I'm dangerous

Momma said, "Look boy, you famous"

Slept in that trap 'til they raided (raided) look

Couldn't see no way up (no way up) had to stay up

Get to shooting, we don't lay up (we don't lay up)

Count the bag, it better pay up (better pay up)

Look, fuck it, we thuggin' it out

Trap got lit, niggas run in and out

Buss down, Benny just flooded it out

Ice on my neck it's a freezer, freezer, huh

I think I need her, need her

Fuck love, no I don't believe it, huh
I might just keep her, leave her
Fucked up and it ain't no secret
Brand new kicks, no creases
Hop out, flex, new whip look decent (decent) uh
Can't you tell I'm fighting demons? (Uh)
Pour the purp' and now I'm leaning, huh
Where the opps? 'Cause I ain't seen 'em, huh
Movin' dirty, I'ma clean 'em up
Say you love me, better mean it, huh
Tell me something I don't know about
Thunder make sound when that lighting strike 'em
All bark no bite, you know sleep don't do no typing
Don't lose your life, how we living just to die? (Uh)
Shit got you thinking twice, fuck that bitch, ain't even wife it
She ain't know my time, see my wrist, I told her watch it
Bitch, I ain't got the time
Remember running niggas' pockets, like what you got, it's mine, ayy
Gotta stand out, can't fit in
Know some niggas that die just to live it
I can't lie, I've been down for a minute
Speed in that whip, I ain't doing the limit
Girl, I know what to do when I'm in it

She ain't know what to do when I hit it
Stop the frontin' your mood
Got nothing to prove, can't say what it is when it isn't
Look, I'ma leave with them niggas I came with
You shouldn't love me, I'm dangerous
Momma said, "Look boy, you famous"
Slept in that trap 'til they raided (raided) look
Couldn't see no way up (no way up) had to stay up
Get to shooting, we don't lay up (we don't lay up)
Count the bag, it better pay up (better pay up)
You shouldn't love me, I'm dangerous (dangerous, dangerous)
Momma said, "Look boy, you famous" (famous, famous)
Slept in that trap 'til they raided (raided, raided)
She said, "Baby, you made it", huh
She was impatient
Can't fuck with them niggas, I'm racist
Can't love on that bitch, she too basic, huh
You gotta face it (huh), we can switch places
You said that you got me
I know you don't got me, the ones who left me said the same shit
I was sinkin' and you changed ships, huh
Fuck it, I'm sanction
Glock on my hip for this gang shit

You seen a lot but never say shit
Momma said, "Look boy, you famous" (huh)
"Look boy you iced out"
Lil' sister think we the greatest
We made it shine with the lights out, huh
Hundred shots, I got the gang with me, huh
Ain't no lames with me
Actin' up, we'll give your gang fifty, huh
Keep the gang busy
I'm a shooter, but shooters be with me
Passin' the rock and you know it's a Jimmy
What you doing when they moving too iffy?
Empty that clip, we gon' dip when it's empty
Girl, you know what's up (huh), hard to be showing love
I know I left you out, I was in the stuck
Sorry I let you down, I was going up
