"2055"

Wanna slide

Like it's 2055, huh

I just wanna ride (Great John on the beat by the way)

Like it's 2055, huh

Huh, huh, huh

I just wanna slide, huh

Parties in the sky like it's 2055, huh

She said, "Boy you nice, boy you nice", huh

Heart cold like some water and some ice, huh

Why would you sacrifice, huh

Knowing you could die? Ain't nobody by your side, huh

I know niggas cap (cap), and bitches lie

Came from dirt, can't go back, you could see it in my eyes, huh

Real niggas cry blood (blood), hope my kid never try drugs, huh

All I wanted was some love, would trade that for a gun, huh

Big pack on me now, 'member back then I was fucked up, huh

I don't really want friends, everybody fake, I don't got trust, but

I just wanna slide, huh

Parties in the sky like it's 2055, huh

She said, "Boy you nice, boy you nice", huh

Heart cold like some water and some ice (water and some ice, water and some ice)

I just wanna slide, huh

Parties in the sky like it's 2055, huh

She said, "Boy you nice, boy you nice", huh

Heart cold like some water and some ice

Shawty get energized, huh, livin' life

Spilled some liquor on her inner thigh, but she ain't tired

She just turn it up, huh, I could get you brushed, huh

ZaZa got me stuck, sorry I can't open up

Fuck it, we tried (huh), gotta compromise (huh)

He want beef with gang, but he don't know it come with fries (huh)

That's AKs and Nines (huh), please don't play with mines (huh)

My body different, I know they love that line but

I just wanna slide, huh

Parties in the sky like it's 2055, huh

She said, "Boy you nice, boy you nice", huh

Heart cold like some water and some ice (water and some ice, water and some ice)
