"AY AY AY "

I'm on airplane mode this weekend

So don't call me on my phone

I'm so high I'm touchin ceilings

Can't come down this feelins gold

Let the truth be told

It isn't like that in reality

Want that dream they sold

Want it so bad

I said give me the money

And the cars and the girls

Take anything if you want it

When you sittin on top of the world

Still drippin on em

Look ay ay ay ay ay ay ay ay

I'm so fresh and so fly ay ay
I decided that I'm that guy
First class on a flight to Dubai

Ay ay ay ay ay ay ay ay

I'm so fresh and so fly
I decided that I'm that guy
First class on a flight to Dubai

I don't want that life I need it
Once I have it imma keep it
So I'm divin in the deep end
I'm addicted to it baby yeah

Truth be told

Put me out of my misery

I want more then more

I need it so bad

I said give me the money

And the cars and the girls

Take anything if you want it

When you sittin on top of the world

I just want it all

I said give me the money

(Give me the money)

Still drippin on em

Look ay ay ay ay ay ay ay ay

I'm so fresh and so fly ay ay

I decided that I'm that guy

First class on a flight to Dubai

Ay ay ay ay ay ay ay ay

I'm so fresh and so fly ay ay

I decided that I'm that guy

First class on a flight to Dubai

I said give me the money

The cars and the girls

Take anything if you want it

When you sittin on top of the world

Still drippin on em
