"Alter Ego 2"

I hate sayin' this type of shit to us (Sayin' what?)

I hate sayin' that we be lookin' like a bitch because (Nigga, what?)

I keep sayin' that we might need go kick a door or somethin' (I said no)

I keep tellin' you just 'cause we get money don't need nothin'

I keep tellin' you the same shit, nigga (What you said?)

I can give a fuck about who gun bigger (My gun bigger)

I can give a fuck who don't like who long as my son richer

Nobody around, I'm the only one gon' shoot, better go get some niggas

Nigga, that make two of us and I'm the only one I trust

Nigga must think you Superman, them seven shots ain't teach you nothin'

Yo, what you sayin'?

Nigga, you ain't call no blitz ever since that— stunt

And you ain't even catch him, somebody else had did it

And so what? Nigga, you ain't even do shit neither

Shit, I had wanted to do it, you wanted to be a rapper

Yeah, you let lil' bruh catch you loafin', I had wanted to smoke him

You said I can't do that shit in the open

And you can't, the fuck you smokin'?

You ain't gon' fuck this up, we chosen

Wait until we one step closest

Nigga, you know my background pokin'

You let that rap shit change your focus

Nigga, I'm focused, I'ma let this money stack up

Uh, nigga won't talk shit then

They think he ain't got no backup

He got hit, heard he got back up

I don't give a fuck, that shit don't matter

Ayy, bitch-ass nigga want Drake status

Keep on takin' me off the block

Pussy-ass nigga, you keep on sayin' let security hold the Glock

Yeah, you like that Carti so much, pussy, you must don't want your watch

Keep tryna get us locked up, watch

Nigga know this street shit all I got

You know these chopsticks all I know

And them Percocets took my girlfriend's spot

And you finna have to let all that shit go

Nigga, I'm gettin' serious with you

How you gon' get your money if you can't go?

Nigga, fuck that money, know 4 not broke

Nigga, fuck you, nigga, I want some more

You ain't livin' like none of this shit you sayin'

But that's what I got you for

They say you a gangster, right?

Hate when we talk, you like a ho

Still get the business done, you just act like shit so cool

Tryna pop out and make friends, 'member we used to rob 'em too?

Nigga keep on sayin' we robbed them folks, nigga, you know that was you

That ain't got shit to do with the CEO, I was makin' business moves

Pussy, this hard as my tape, pussy, it's my time of year too

You need me when you outside, won't let nobody near you

Fuck that, nigga, I got security

Just gotta make sure a nigga gon' shoot

The ones you have not labeled, pussy

That ain't got shit to do with you

Fuck you mean, it don't? It do

Ain't usin' your fuckin' brain, it's cool

Explain

A nigga say somethin' to you, that mean he sayin' somethin' to me too

Okay?

And I'm gon' wanna shoot

You can't

Can't tell me what to do

I can, nigga, I will, nigga, I'm doin' it, do what you gon' do

You must got this shit confused

Tryna get in my way, you lose

I ain't got shit to prove

Nigga, my opps dead and yours is too

Act like you can't get opps that's new

I'm somewhere niggas can't come to

You act like you ain't no regular nigga

I ain't, that's what I'm tryna tell you

I know you shellshocked, bitch, but everybody ain't no enemy

Uh, niggas tryna get money with us

Whenever we do, niggas start to envy me

I done gave niggas all the sympathy

Uh, that's true, but the win right 'round the corner

Nigga, let me come 'round the corner with the Drac'

Nigga, you come 'round the corner with a hundred

That's what I got you for, I take shit and wrap shit up

You rap 'bout it and take us up

Act like you ain't been legit before

Nigga, you wan' be a criminal, how you expect to win?

I been winnin' so far

That's the bare minimum, nigga, I'm talkin' M's

Nigga always talkin' that money shit, what 'bout respect?

Respect the M's

I get that car, respect the rims

I'm in New York, respect the Timbs

Just talkin' dumb shit

Where my haters at? I can't even see 'em (True)

Hold up, I'll be right back, that money call again
